

FIRE TRAINING CENTER

Street Smart Forcible Entry

While many disciplines are important in the fire service, many cannot be performed without gaining entry into the fire building. Performing forcible entry can be an efficient skill that appears to be a non-event or it can be an embarrassing moment that is filled with stress and anxiety as the engine is waiting to advance to the fire.

In this 8-hour course you will learn the street-smart techniques to make you successful in areas such as; *Conventional forcible entry, Unconventional forcible entry to include hasp & staples, slide bolts, chain and padlocks, etc, Through the Lock entry, Burglar Bar removal, Rotary saw entry, Concrete wall breaching, Rollup Door entry, and more.* From door size-up to door removal you will learn many "tricks" that will make your entry a more simple and efficient task. After this course you will be supplied with an arsenal of skills awaiting your next forcible entry!

March 27, 2012

8:00 AM --- 5:00 PM

About your lead instructor:

PAULIE CAPO

Paulie Capo has been a firefighter since 1996 and serves as Lieutenant/Paramedic on Truck 45 with Clearwater Fire Rescue in Florida. He serves on the Pinellas County Technical Rescue Team and is a former member of the Clearwater Police SWAT Team. Lt. Capo is the founder and president of "When Things Go Bad, Inc." His vast instructional, speaking, and consulting background includes Fire Department Instructors conference (FDIC), Firehouse Expo, and the United States Military where he trains on unconventional rescue and survival for the combatant. Lt. Capo is considered by many to be one of the nation's leaders in the "new vanguard" of firefighter rescue and rapid intervention crew capabilities. He also consults in the area of physiology of self-preservation. In addition, he is an adjunct instructor with St. Petersburg College where he teaches all levels and topics of firefighting.
