

## FIRE TRAINING CENTER

### TRICKS OF THE "TRUCK"

In this 24 hour class, consisting of one day classroom and two days hands-on, the student will learn how to effectively and safely accomplish the many functions of a truck company. The student will learn how these functions can easily be accomplished utilizing an engine. In this class, each seat position on the truck or engine will be assigned certain tools and functions to perform on the fire ground. Wait until you see how much more productive your fire scenes are run with less radio traffic. Some of the hands-on topics include forcible entry through steel door/steel jam, through the lock, through concrete block walls, venting peaked and flat roofs, trench cutting, burglar bar removal, using saws, aggressive interior searches, team searches, venting with tool from above, lowering victims out of windows from inside, roof rope rescue and more. The lead instructor is Lt. Paul Capo with Clearwater F. R. Students must supply their own PPE including SCBA.

About your lead instructor:

**PAULIE CAPO**

Paulie Capo has been a firefighter since 1996 and serves as Lieutenant/Paramedic on Truck 45 with Clearwater Fire Rescue in Florida. He serves on the Pinellas County Technical Rescue Team and is a former member of the Clearwater Police SWAT Team. Lt. Capo is the founder and president of "When Things Go Bad, Inc." His vast instructional, speaking, and consulting background includes Fire Department Instructors conference (FDIC), Firehouse Expo, and the United States Military where he trains on unconventional rescue and survival for the combatant. Lt. Capo is considered by many to be one of the nation's leaders in the "new vanguard" of firefighter rescue and rapid intervention crew capabilities. He also consults in the area of physiology of self-preservation. In addition, he is an adjunct instructor with St. Petersburg College where he teaches all levels and topics of firefighting.
