

SUSTAINABILITY MANAGEMENT

BACHELOR ADMISSIONS GUIDE

ABOUT THE PROGRAM

The Sustainability Management B.A.S. degree is a fully online Bachelor's degree helps you understand the broad concepts and systems involved in developing and managing sustainable business practices. We give you knowledge and management skills in technology, people, economics, natural and energy resources to prepare you for "green-collar" jobs. You'll be prepared to be a valuable contributor to growing sustainability needs worldwide.

ADMISSIONS REQUIREMENTS

To be admitted to the bachelor's degree program in Sustainability Management, you need:

1) Complete a minimum of 60 credits from a regionally accredited institution, including

- o 15 credits of general education courses
- o ENC 1101 – Composition I or equivalent
- o A college-level math course: MAT 1033, MAT 1100, STA 2023, STA 2023H, or any course with MAC, MGF, MTG, or MAS prefix

2) A cumulative GPA of 2.00 on a 4.00 scale or higher.

Please note:

Students entering with an A.S. in: Environmental Science Technology (ENVSC-AS), Building Construction & Design (ARCH-AS), Engineering Technology (ENG-AS) or Hospitality Management (HMGT-AS) discipline, are automatically admissible to this program.*
