IV. Open issues

a) Update on program(s) at SPC

BAS program has ended and AS Technician program continues

b) CE program updates

CE took over management of Orthotic Fitter, Pedorthist and Mastectomy Fitter in entirety. Some CE courses offered online, but focused on clinician education and some Office Administrator topics.

c) Explanation of lab re-arrangement and equipment

Rearranged toolbox locations to maximize bench space for students. Working with manufacturers of 7-axis carver and 3D printers to get equipment up and working.

V. New business

a) Ideas for new Tech trainings

Above knee and Below knee alignment

VFJ usage

b) Ideas for SPC to support O&P community

None voiced during this meeting

c) Open forum - Final thoughts from any advisory board members

Jeff – send out types of 3D printers and carvers to possibly allow community partners to trial or use time on equipment when students are not using

Chris – suggested discussing and implementing documentation standards for technicians

Ron (during direct phone conversation after meeting)– more CE for Technicians; possibly a 1-2 day multi-course offering similar to what Spokane Falls organized

VI. Adjournment – 12:41pm
