

## Waterborne Encounters New Trust Funded Training Opportunity

The objective of this 16 course is for officers who work around water to have a tactical plan for waterborne encounters. The course will help officers develop survival skills for confrontations occurring in the water. Those attending will become familiar with life saving equipment, safe water entries, survival swimming and rescue techniques. Officers will also train in the use of tactical survival skills to include, self defense, evasion impact weapon deployment, defensive positioning, escapes from deadly force options and shooting from the water. This course is a must for any officer working within the Tampa bay area. The lead instructor for this course is PCSO Sgt. Glenn Wilson.

**Course topics include:**

- |                                   |                                |
