<b>% INCREASE OVER PREVIOUS YEAR</b>	<b>-4.2%</b>	<b>2.4%</b>	<b>0.7%</b>	<b>7.0%</b>	<b>12.8%</b>

\*As of Fall 1999, the Legislature mandated that College Preparatory Courses would be calculated for funding using the same formula as college credit courses (SSH=number of students x course credit hours: FTE=SSH/40). For comparison purposes, these tables have been converted to show College Preparatory courses using that formula rather than as non-credit courses. Also, for comparison purposes weighting for Project Independence and Dual Credit was removed for previous years.
