

Seminar
April 8th. 2008
5:30PM-9:00PM

IMPORTING AND EXPORTING OF TECHNOLOGY AND SECURITY

“A Legal Perspective”

This seminar focuses on the emerging topics and considerations associated with import and export controls on high technology. Current legal requirements as governed by the Bureau of Industry and Security (BIS) and regulations under the Export Administration Act (EAA) will be examined as well as emerging technology and exports to outlawed countries
