WARNING!

This booklet may contain dated information

For the latest in course listings:

- Check computers and printed materials in Registration.
- Look online at www.spcollege.edu (see page 12 for details).

This course schedule booklet went to press in mid-October. Since that time, some classes may have been filled while others have been added to or dropped from the schedule. Class availability information is updated daily on SPC's Web site under **MySPC**.
Some of the classes originally scheduled to be taught by "TBA" (To Be Announced) may now have an assigned instructor. If so, his or her name will appear on the Web site at **MySPC**.

eCampus online courses

Quality education delivered directly to you.

For complete information about all eCampus courses, pick up an eCampus catalog at any SPC site (see map on page 163), or visit the eCampus Web site at <http://e.spcollege.edu>.

Online courses

Your computer, e-mail service, Internet access and Web browser create your online classroom. Interact with other students and your instructor via e-mail, discussion boards, and chat rooms. Course material is posted online, and most tests and assignments can be submitted electronically.

Note:

There is a \$20 lab fee per eCampus course.

“Teleweb” courses (Code EC-TV WEB)

A small number of online courses are in a “teleweb” format. These courses combine video lesson content with Internet-based features such as e-mail, an online syllabus, online assignments, discussion forums and chat rooms. Teleweb students have several options for viewing the video lessons:

- Watch them (or record them) when they are broadcast — on the SPC cable channel and most Pinellas

County cable systems — according to the schedule in the syllabus.

- View the lessons online.
- Check out the tapes for viewing at any SPC library.
- Rent the entire series of course videotapes for a one-time nonrefundable fee.

Teleweb courses require the same level of computer skill and knowledge of the Internet as regular online courses.

Are online classes right for you?

To help you assess your readiness to take an Internet-based course, go to the eCampus home page, <http://e.spcollege.edu>, click on **Is eCampus the place for you?** and then on **e-learning quiz**.

Technical requirements for online classes

Before enrolling in an online class, be sure your computer hardware, Internet connection and Web browser meet the course's technical requirements. You also will need an e-mail account.

Complete technical information, including hardware and browser specifications, how-to's, tutorials, help files and more, is available at the eCampus Web site, <http://e.spcollege.edu>. Click on **Help/FAQ** in the left navigation bar, then on **Technical Information** or **Technical Help**. Use the automated system check-up tool to see if your computer meets the general requirements for online classes.

Meet ANGEL: Your Online Course Delivery System

ANGEL ("A New Global Environment for Online Learning") is the software framework on which online courses are built. For a preview of how ANGEL works, go to the eCampus home page, <http://e.spcollege.edu>, and click on "Visit our sample course" at the top left corner of the page. You also can find ANGEL tutorials at **eCampus home>Help/FAQ>ANGEL tutorials**.

Free training session for online students

If you're new to online learning, you'll want to take advantage of the tutorials and training available so that you'll be able to use ANGEL comfortably once your course begins.

eCampus offers a free, hands-on training session for students taking — or planning to take — online courses. The Term II training session is:

Saturday, Jan 6, 10-11 a.m.

Rm. 160

University Partnership Center

SPC Seminole Campus

(see map, p. 170)

Curious about online courses?

Go to the eCampus home page, <http://e.spcollege.edu>, and click on "Visit our sample online course." Feel free to explore our virtual classroom and experiment with some of the tools used in online courses, such as the discussion board, course calendar, online syllabus, and even an interactive quiz.

eCampus spans the globe

While approximately 97 percent of SPC's eCampus students are from Florida, the remaining three percent represent 41 states — including both Alaska and Hawaii — as well as Canada, Turkey, Venezuela, Poland, and military bases around the world. New York contributes the most out-of-state students, followed by Virginia, North Carolina, Ohio and Tennessee.

Cybersecurity Center coming

With the help of Congressman C.W. Bill Young, SPC recently received \$800,000 in federal funds to establish the National Center for Cybersecurity Education, located at the EpiCenter.

SPC ranks high with graduates

In SPC's most recent Graduating Student Survey, 98 percent of the graduates said they would recommend the college to their friends and family.

E-mail system available at no cost to students

SPC offers an e-mail system through **MySPC** at no cost to students. Through your SPC e-mail account, you will receive official messages from the college such as registration appointment dates, news of upcoming events, college closing alerts when bad weather is pending, and so forth. Please check your e-mail frequently for important messages.

SPC No. 1 in online learning

For the fourth time in four years, SPC was named in January as Florida's leader in distance learning among the state's 28 community colleges. SPC ranked first in the number of courses offered (2,309) and the number of students (16,656).

Technical requirements for online classes

Before enrolling in an online class, be sure your computer hardware, Internet connection and Web browser meet the course's technical requirements. You also will need an e-mail account.

Complete technical information, including hardware and browser specifications, how-to's, tutorials, help files and more, is available at the eCampus Web site, <http://e.spcollege.edu>. Click on **Help/FAQ** in the left navigation bar, then on **Technical Information** or **Technical Help**. Use the automated system check-up tool to see if your computer meets the general requirements for online classes.

Free training session for online students

Learn how to navigate your online course quickly and easily at the free, hands-on training session.

Saturday, Jan. 6, 10-11 a.m.
Rm. 160, University Partnership Center
SPC Seminole Campus (see map, p. 170)
