WARNING!

This booklet may contain dated information

For the latest in course listings:

- Check computers and printed materials in Registration.
- Look online at www.spcollege.edu (see page 13 for details).

This course schedule booklet went to press in mid-Oct. Since that time, some classes may have been filled while others have been added to or dropped from the schedule. The daily printouts and computers will tell you which ones remain available at every site. Some of the classes originally scheduled to be taught by "TBA" (To Be Announced) may now have an assigned instructor. If so, his or her name will appear in the daily printouts.
