

# Honors College

The Honors College was created for like-minded students and professors who are exceptionally motivated to learn and teach in an atmosphere of intellectual challenge and stimulation.

Admission to the Honors College is competitive and space is limited. There is no deadline for submitting your application, but there is a deadline for being considered for the Honors College Scholarship. You must apply before July 1 to be considered for the Term I, 2009-10 scholarship.

Opportunities offered by the Honors College:

- Small class size
- Honors College Scholarships
- Honors outstanding faculty
- Challenging course work, honors seminars and conferences
- Honors advising
- Priority registration
- Honors Diploma or Certificate
- Faculty mentoring
- University transfer arrangements

Honors course searches have been simplified. On the basic class search screen, enter "honors" in the description field and click "search" at the bottom of that screen for a list of all honors courses.

Students do not have to be accepted into the Honors College to enroll in honors courses, but they need to meet course criteria or have program director approval.

## WARNING!

**This booklet may contain dated information**

For the latest in course listings:

- Check computers and printed materials in Registration.
- Look online at [www.spcollege.edu](http://www.spcollege.edu) (see page 13 for details).

This course schedule booklet went to press in mid-Oct. Since that time, some classes may have been filled while others have been added to or dropped from the schedule. The daily printouts and computers will tell you which ones remain available at every site.

Some of the classes originally scheduled to be taught by "TBA" (To Be Announced) may now have an assigned instructor. If so, his or her name will appear in the daily printouts.
