## WARNING!

**This booklet may contain dated information**

For the latest in course listings:

- Check computers and printed materials in Registration.
- Look online at [www.spcollege.edu](http://www.spcollege.edu) (see page 13 for details).

This course schedule booklet went to press in mid-Oct. Since that time, some classes may have been filled while others have been added to or dropped from the schedule. The daily printouts and computers will tell you which ones remain available at every site.  
Some of the classes originally scheduled to be taught by "TBA" (To Be Announced) may now have an assigned instructor. If so, his or her name will appear in the daily printouts.

# eCampus

## Quality education delivered directly to you.

For complete information about all eCampus courses, pick up an eCampus catalog at any SPC site (see map on page 179), or visit the eCampus Web site at [www.spcollege.edu/eCampus](http://www.spcollege.edu/eCampus).

### Online courses

Your computer, e-mail service, Internet access and Web browser create your online classroom. Interact with other students and your instructor via e-mail, discussion forums, webcam interfaces, audio chats, DVRs and other tools. Course material is posted online, and most tests and assignments can be submitted electronically.

**Note:**

*Lab fees are subject to change.*

### “Teleweb” courses (Code EC TV WEB)

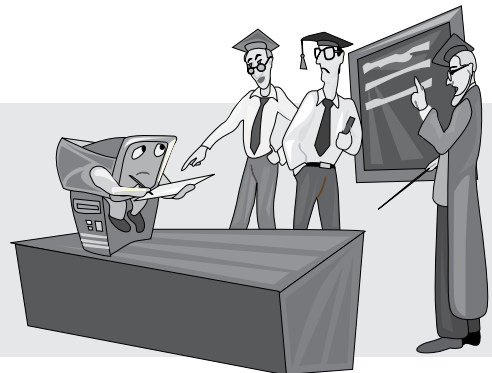

A small number of online courses are in a “teleweb” format. These courses combine video lesson content with Internet-based features such as e-mail, an online syllabus, online assignments, discussion forums and audio chats. Teleweb students have several options for viewing the video lessons:

- Watch them (or record them) when they are broadcast — on the SPC cable channel and most Pinellas County cable systems — according to the schedule in the syllabus.
  - Bright House (620)
  - Verizon (19)
  - Videotron/VTV (23)
- View the lessons online.

Teleweb courses require the same level of computer skill and knowledge of the Internet as regular online courses.

### Are online classes right for you?

For more information about Internet-based courses, visit the eCampus home page, [www.spcollege.edu/eCampus](http://www.spcollege.edu/eCampus), and choose from the many menu options available.

For complete information and requirements for these online programs, visit the eCampus Web site, [www.spcollege.edu/eCampus](http://www.spcollege.edu/eCampus). Click on **Courses and Programs** in the left navigation bar, then select the appropriate program link.

### Technical requirements for online classes

Before enrolling in an online class, be sure your computer hardware, Internet connection and Web browser meet the course's technical requirements. You also will need an e-mail account.

Complete technical information, including hardware and browser specifications, how-tos, tutorials, help files and more, is available at the eCampus Web site, [www.spcollege.edu/eCampus](http://www.spcollege.edu/eCampus). Click on **Help/FAQ** in the left navigation bar, then on **Technical Information** or **Technical Help**. Use the automated system check-up tool to see if your computer meets the general requirements for online classes.

### Meet ANGEL: Your online course delivery system

ANGEL ("A New Global Environment for Online Learning") is the software framework on which online courses are built. For a preview of how ANGEL works, go to the eCampus home page, [www.spcollege.edu/eCampus](http://www.spcollege.edu/eCampus), and click on "How to's and tutorials" under "Quick Links." You also can find ANGEL tutorials at **eCampus home>Help/FAQ>Technical Support**.

### Free training session for new online students

If you're new to online learning, you'll want to take advantage of the tutorials and training available so that you'll be able to use ANGEL comfortably once your course begins.

eCampus offers a free, hands-on training session for students taking — or planning to take — online courses. The Term II training session is:

Saturday, Jan. 10, 10-11 a.m.

Rm. 303

University Partnership Center

SPC Seminole Campus

(see map, p. 186)

## SPC No. 1 in online learning

For the fourth time in four years, SPC was named in January as Florida's leader in distance education among the state's 28 community colleges. SPC ranked first in the number of courses offered (2,309) and the number of students (16,656).

## eCampus spans the globe

While approximately 97 percent of SPC's eCampus students are from Florida, the remaining three percent represent 41 states — including Alaska and Hawaii — as well as Canada, Turkey, Venezuela, Poland and military bases around the world. New York contributes the most out-of-state students, followed by Virginia, North Carolina, Ohio and Tennessee.

### E-mail system available at no cost to students

SPC offers an e-mail system through **MySPC** at no cost to students. Through your SPC e-mail account, you will receive official messages from the college such as registration appointment dates, news of upcoming events, and college closing alerts when bad weather is pending. Please check your e-mail frequently for important messages.

### SPC ranks high with graduates

In SPC's most recent Graduating Student Survey, 98 percent of the graduates said they would recommend the college to their friends and family.

## Technical requirements for online classes

Before enrolling in an online class, be sure your computer hardware, Internet connection and Web browser meet the course's technical requirements. You also will need an e-mail account.

Complete technical information, including hardware and browser specifications, how-tos, tutorials, help files and more, are available on the eCampus Web site, [www.spcollege.edu/eCampus](http://www.spcollege.edu/eCampus). Just click on **Technical Information**. Use the automated system check-up tool to see if your computer meets the general requirements for online classes.

## Has your address changed?

If you've moved and haven't informed your home campus Admissions Office in writing, you could be risking lost correspondence. So please inform the Admissions Office on your home campus immediately, in *writing*, or online at [www.spcollege.edu](http://www.spcollege.edu) under **MySPC**. Log in and go to your personal profile to make changes.

If you choose to make the change in writing, either mail the Admissions Office a letter with your signature, or stop by the office and complete a Change Form (which is for any kind of change in your student record).
