

Test scores are used to place new students in the appropriate courses to ensure success. To determine your college readiness, St Petersburg College considers:

- All Accuplacer, ACT, Classic Learning Test (CLT), SAT, Post-Secondary Education Readiness Test (PERT) and PSAT test scores
- Scores must be under two years old
- The highest component or subtest score is used for placement.

Effective Fall 2024, MGF 1130 and MGF 1131 replace MGF 1106 and MGF 1107 as courses satisfying the General Education Math Core and Math Elective requirements.
