**For Information: Excerpt from Board of Trustees Rule 6Hx23-5.12 Purchasing**

All non-exempt purchases exceeding the Category Two threshold amount [$35,000] as specified in Section 287.017, Florida Statutes, require a formal sealed competitive solicitation requested from at least three responsible vendors, when possible. In addition, competitive solicitation awards exceeding the Category Five threshold amount [$325,000] as specified in Section 287.017, Florida Statutes, must be approved by the Board of Trustees. Whenever two or more such solicitations, which are equal with respect to price, quality, and service, are received for the procurement of commodities or services, a solicitation response received from a business that certifies it has implemented a drug-free workplace program as specified in Section 287.087, Florida Statutes, shall be given preference in the award process. In the event it is desired to competitively solicit commodities or services that are included in the exempt from competitive solicitation category, the competitive solicitation must originate through Purchasing.

**The following are exceptions to competitive solicitations:**

A. Purchases under Sections 946.515 (PRIDE) and 946.519 (The State Department of Corrections), Florida Statutes.

B. Educational tests, textbooks, instructional materials and equipment, films, filmstrips, video tapes, disc or tape recordings or similar audiovisual materials, and computer-based instructional software.

C. Library books, reference books, periodicals, and other library materials and supplies.

D. Purchases at the unit or contract prices established through competitive solicitations by any unit of government established by law or non-profit buying cooperatives.

E. Food.

F. Services or commodities available only from a single or sole source.

G. Professional services, including, but not limited to artistic services, instructional services, health services, environmental matters, attorneys, legal services, auditors, and management consultants, architects, engineers, and land surveyors. Services of architects, engineers, and land surveyors shall be selected and negotiated according to Section 287.055, Florida Statutes.
the purposes of this paragraph, “professional services” shall include services in connection with environmental matters, including, but not limited to the removal of asbestos, biological waste, and other hazardous material.

H. Information technology resources defined as all forms of technology used to create, process, store, transmit, exchange, and use information in various forms of voice, video and data and shall also include the personnel costs and contracts that provide direct information technology support consistent with each individual college’s information technology plan.

I. Single Source procurements for purposes of economy or efficiency in standardization of materials or equipment.

J. Emergency purchases not in excess of the Category Two threshold [$35,000] as specified in Section 287.017, Florida Statutes as provided for in P6Hx23-5.123.

MEMORANDUM

TO:         Board of Trustees, St. Petersburg College

FROM:       William D. Law, Jr., President

SUBJECT:    City of St. Petersburg—West St. Petersburg Joint-Use Library at the St. Petersburg/Gibbs Campus

Approval is sought to accept the City of St. Petersburg’s request for the First Amendment to the Agreement entered into on January 13, 2003 by the City of St. Petersburg and the Board of Trustees, St. Petersburg College. The First Amendment to the Agreement will reduce the designated community use library staff by one full-time library paraprofessional and the corresponding contribution of the City to the staffing budget by forty-eight thousand dollars ($48,000) per year and eliminate the City’s obligation to provide library materials and resources for community users.

The City of St. Petersburg and the Board of Trustees, St. Petersburg College entered into an Intergovernmental Agreement on January 13, 2003, in order to design, build and operate a joint-use Library at the St. Petersburg/Gibbs Campus.

Under the terms of the Agreement Paragraph 1.E., the “Community Use Staff” is defined as a level of staffing of seven full-time and one part-time position. The City is requesting a reduction in the City’s obligation to contribute to the staffing and operating budget by forty-eight thousand dollars ($48,000) per year resulting in a staffing level of six full-time and one part-time position. The amended contribution to the staffing budget for the Community Use Staff will be two hundred sixty-nine thousand five hundred twenty-nine dollars ($269,529), beginning October 2012 and shall be adjusted annually pursuant to the provisions of Paragraph 9.B. of the Agreement.

Additionally, the City is requesting the elimination of the City’s obligation specified in Paragraph 11.D., to provide annually, fifty thousand dollars ($50,000) worth of library materials and resources for community users.

The end date of the Intergovernmental Agreement is January 13, 2053.

Suzanne L. Gardner, Acting General Counsel; Anne Cooper, Senior Vice President, Academic & Student Affairs; and Joseph Leopold, Director of Learning Resources, recommend approval.

MEMORANDUM

TO: Board of Trustees, St. Petersburg College

FROM: William D. Law, Jr., President

SUBJECT: The Big 3 Entertainment, LLC.— Lease Agreement for Space at the Downtown Center.

Approval is sought to enter into a Lease Agreement with The Big 3 Entertainment, LLC, whereby The Big 3 Entertainment, LLC will occupy a portion of the fourth floor (554 square feet) at the Downtown Center. Approval is also sought to extend the Lease as deemed necessary based upon the renewal terms as set forth in the summary below.

St. Petersburg College and The Big 3 Entertainment, LLC have agreed to the following terms and conditions for a lease of space at the Downtown Center in order for Big 3 Entertainment, LLC to conduct business operations including the operation of a Call Center for sales and ticketing related to Big 3 Entertainment, LLC performances and events. This Lease includes 554 square feet of exclusive use space and shall be leased by the tenant for conducting its business. A primary consideration of this Lease Agreement shall be the recruitment and hiring of students by the Big 3 Entertainment, LLC to work in the Call Center.

A summary of the terms are set forth below:

- The exclusive use space is 554 square feet at a rental fee of $7.22 per square foot.
- The rental fee shall be adjusted on an annual basis by an amount not to exceed 5%.
- The initial term of the Lease shall be six (6) months and may be renewed for six (6) additional months. Thereafter, the Lease may be renewed for one-year terms upon mutual agreement of the parties.
- The College shall be responsible for all utilities to include electrical, heating, ventilation and air conditioning.

The Lease agreement is being provided to the Board as required by Florida Statutes, Chapter 1013.15 Lease, rental, and lease-purchase of educational facilities and sites, Section (1) as follows: Prior to entering into or executing any such lease, a board shall consider approval of the lease or lease-purchase agreement at a public meeting, at which a copy of the proposed
agreement in its final form shall be available for inspection and review by the public, after due notice as required by law.

Suzanne L. Gardner, Acting General Counsel; Doug Duncan, Senior Vice President, Administrative/Business Services and Information Technology; and Kevin Gordon, Provost, Downtown Center, recommend approval.

LEASE AGREEMENT
ST. PETERSBURG COLLEGE AND
BIG 3 ENTERTAINMENT, LLC.

THIS LEASE AGREEMENT dated ______ is entered into by and between the Board of Trustees of St. Petersburg College, whose mailing address is P.O. Box 13489, St. Petersburg, Florida 33733, (“College”) and Big 3 Entertainment, LLC., whose principal address is 6090 Central Avenue, St. Petersburg, Florida 33707 (“Big 3”).

WITNESSETH:

WHEREAS, the Big 3, a limited liability company, desires to lease space from the College to conduct the business operations of a call center including the sales and ticketing related to their performances and events, and

WHEREAS, the Big 3 further desires to employ students of the College to man the call center located on the campus and conduct related business on behalf of the Big 3, and

WHEREAS, the College desires to lease to Big 3, on such terms and conditions as set forth below, a portion of the College’s premises located at the Downtown Campus of St. Petersburg College, 244 2nd Avenue, St. Petersburg, as further delineated and described below at Paragraph 2. (“Leased Premises”);

NOW THEREFORE, in consideration of the premises and one dollar and other good and valuable consideration, the receipt and adequacy of which is hereby acknowledged, and the promises and covenants contained herein, the parties hereto agree as follows:

1. RECITALS. The recitals set forth above are true and correct and are incorporated herein by reference.

2. LEASED PREMISES. The College hereby leases to Big 3, and Big 3 does hereby lease from the College a portion of the fourth floor of the Downtown Campus of the College, 244 2nd Avenue, St. Petersburg, Florida, specifically Room 449, as is more fully set forth on that site plan attached hereto and made a part hereof as Exhibit “A” (“Floor Plan”). Big 3 shall have exclusive use of Room 449, comprised of 554 square feet. The College, Big 3 and other occupants of the campus and the employees and invitees of the aforementioned parties shall have concurrent access at all times to the restroom space, hallways and corridors during the Term or any renewal thereof. The Campus Provost or his/her designee shall coordinate the use of the space on the fourth floor to accommodate the usage of such space by the Big 3 and its employees and business invitees.

3. TERM AND TERMINATION. The initial term of this Lease shall be for a period of six months (“Initial Term”); thereafter, this Lease Agreement may be renewed for six additional months. At the end of the second six month term the Lease may be renewed in one (1) year terms (“Term”) upon mutual agreement in writing by the parties hereto. Notice of intent to extend or renew the initial or subsequent terms shall be provided within 60 days of the expiration of the term. At the end of the Initial Term of six months and the subsequent renewal of six months, and once the annual one year Term has commenced, this Lease may be terminated by either party
with sixty (60) days’ notice in writing. This Lease Agreement may be terminated by
either party in the case of a default pursuant to Paragraphs 11. and 12.

4. RENT. Big 3 shall pay to the College base rent for the Leased Premises in the amount
of $7.22 per square foot annually to be prorated and paid monthly. The rent may be
adjusted on an annual basis not to exceed a 5% adjustment annually.

5. UTILITIES: The College shall provide the Leased Premises with utilities to include
electrical, heating, ventilation and air conditioning.

6. USE OF SPACE AND OBLIGATIONS. The Leased Premises shall be used and
occupied by Big 3 for normal business operations, and for no other purposes. Further,
the Big 3 agrees that a primary consideration in this Lease Agreement is and
shall be the preference for recruiting and hiring College students by the Big 3 to work
at the call center at their employ. The College agrees that it shall make every effort
to provide the resources and cooperation necessary to facilitate the recruitment and
hiring of Big 3 employees at that site from its student body.

7. HOURS OF USE. Use of the leased space shall be set by the College in accordance
with the hours of operation of the Downtown Campus, as may be modified from time
to time, and unless on a case by case basis prior arrangements are made through the
Provost’s Office for hours of use other than as set forth by the College. The Big 3 and
the College shall coordinate with one another with respect to access to the Leased
Premises and services provided during official College holidays, weekends and
evening hours. The Big 3 shall have access to the Leased Premises at times other than
as set forth above through electronic security cards. The Big 3 shall provide the
College with a list of those persons in need of electronic security cards before the
beginning of the Term.

8. PARKING. The leased premise does not include any parking accommodations within
the College’s parking garage.

9. ALTERATIONS TO THE PREMISES. Big 3 will not, without the College’s prior
written consent, make any material changes or alterations, additions or improvements
in or about the Leased Premises. Such consent shall be subject to the College’s
building and permitting department in compliance with the Florida Building Code
(FBC), Florida Fire Prevention Code (FFPC), and the American’s with Disability Act
(ADA).

10. NO FURTHER ENCUMBRANCES. The Big 3 shall not have any right to encumber
or mortgage the Leased Premises or otherwise place a lien or judgment upon its
leasehold interest or the fee, and shall save the College harmless from any liens,
claims judgments and demands, of whatsoever nature, made by any third party,
including, but not limited to, any subcontractors, material men and vendors in
connection with any work performed upon the Leased Premises by or on behalf of
Big 3.

11. TENANT’S AND LANDLORD’S DEFAULT. “Default” shall be the occurrence of
any one or more of the following events which shall permit the College, subject to
the cure periods herein stated, to immediately terminate this Lease and take
possession of the Leased Premises. A default shall include Big 3’s failure to pay any
sums payable to the College which shall be and remain unpaid for more than thirty (30) days after the same are due and payable, and Big 3’s material breach of the performance of any of the other covenants, agreements, stipulations or conditions herein provided such breach shall not be cured within a period of thirty (30) days after written notice by the College of such breach.

12. **LANDLORD’S DEFAULT.** A material breach by the College in its performance of the covenants, agreements, stipulations or conditions herein shall constitute a default under this Lease, unless the College cures such breach within thirty (30) days after written notice by Big 3 to the College of such breach.

13. **INSTALLATION OF TELECOMMUNICATIONS EQUIPMENT.** Big 3 shall be responsible for the installation of its telecommunications equipment and service.

14. **ASSIGNMENT AND SUBLEASE.** Big 3 shall not have the right to assign, sublease or otherwise dispose of this Lease or any part thereof, or of its right, title or interest therein or its power to execute this Lease or any amendment or modification thereto, to any person or entity, without the prior written consent of the College, which consent may be withheld in the sole discretion of the College.

15. **INSURANCE.** Big 3 shall maintain liability insurance for personal injury and/or bodily injury including death, of not less than $1,000,000 per person, $2,000,000 per occurrence. The College shall be named as additional insured on all liability policies and a certificate of insurance shall be provided to the College prior to occupancy of the Leased Premises. Big 3 shall be required to maintain workers compensation and insurance on its personal property located on or about the Leased Premises.

16. **FUNDING FOR COLLEGE.** The College represents that it is a political subdivision existing under the laws of the State of Florida and is funded and relies upon the State for its programs and services. Should legislative appropriations be insufficient, to continue the operation of the Downtown Campus, including the Leased Premises, the College may terminate this Lease with one (1) year notice without further liability to Big 3 or any third party.

19. **THIRD PARTY CLAUSE.** This Lease Agreement is for the sole benefit of the Big 3 and the College and not for any third party. Except as expressly provided in this Lease Agreement, there are no third-party beneficiaries of this Lease Agreement.

20. **INDEMNITY.** Big 3 covenants and agrees to indemnify, defend and hold harmless the Board of Trustees of St. Petersburg College and its students, faculty, employees, staff and invitees from and against any and all loss, claims, liabilities, fines, injury and/or damages to persons or property, penalties, suits, attorney’s fees, including but not limited to fees incurred for service in trial and appellate courts, and expenses by reason of or arising out of any damage or injury to personal property, real property, or to persons caused by or resulting from Big 3’s operation, use or occupancy of the Leased Premises.

21. **DISCRIMINATION.** Neither the College nor Big 3 will discriminate in its employment practices, provision of services to the College’s students and the general public or otherwise on the basis of race, color, religion, age, sex, gender identity, sexual orientation, genetic information, marital status or national origin nor will
either discriminate against any qualified person with a disability. The parties agree that sexual harassment constitutes discrimination on the basis of sex.

22. PUBLIC RECORDS/STUDENT RECORDS. The provisions of Chapter 119, Florida Statutes; Family Educational Rights and Privacy Act (FERPA); and Section 1002.225, Florida Statutes shall apply to this Lease Agreement.

23. SIGNAGE: The Big 3 shall be permitted to have exterior and/or interior signage; provided however, it complies with the ordinances of the City of St. Petersburg, and is approved by the College.

24. NOTICES. All notices given to Mahaffey hereunder shall be forwarded to Mahaffey at the following address, until the College is notified otherwise:

   Big 3 Entertainment, LLC
   6090 Central Avenue
   St. Petersburg, Florida 33707

   All notices given to the College hereunder shall be forwarded to the College by registered or certified mail, return receipt requested at the following address, until Mahaffey is notified otherwise:

   St. Petersburg, College
   Downtown Campus, Office of the Provost
   P. O. Box 13489
   St. Petersburg, FL 33733

25. CONSTRUCTION OF LEASE. This contract shall be governed by the laws of the State of Florida.

26. LOSS; DAMAGE; INJURY; DEFECTS. Big 3 shall store its property in and shall occupy the Leased Premises at its own risk. The College shall not be responsible or liable at any time for damage Big 3’s merchandise, equipment, fixtures or other personal property of Big 3 or Big 3’s business regardless of the cause, unless such damage is due to the College’s negligence or wrongful act. The College shall not be responsible or liable to Big 3 for damage to either person or property that may be occasioned by or through the acts or omissions of third parties. Unless due to the College’s negligence, wrongful act, or failure to comply with this Lease Agreement, the College shall not be liable for any defect in the Downtown Campus or parking area or any of the equipment therein. The Big 3 shall hold the College harmless from any and all losses or damages incurred by Big 3, its officers, employees, agents, customers and invitees resulting from any interruption in electrical or telecommunication connections and services, whether or not such failure was caused by the College.

27. COMPLETE AGREEMENT. This Lease constitutes the entire understanding of the parties with respect to the subject matter hereof and may not be modified except by an instrument in writing and signed by the parties.
IN WITNESS HEREFUNTO the parties set their hands and seals on the dates set forth below.

SUBJECT:    Florida Department of Education – Carl D. Perkins Vocational and Technical Education Act

Confirmation is sought for a grant proposal, submitted subject to Board of Trustees’ approval, to the Florida Department of Education by St. Petersburg College to receive Carl D. Perkins Vocational and Technical Education Act funds to continue Postsecondary Vocational programs. The grant application is the final and fifth year of a five-year application, renewable July 1 of each year. Perkins funds are provided to the College on a formula-driven basis. The funding requested could change when final allocations are awarded by the state. The number of economically disadvantaged students enrolled in AS degree and Certificate programs also determines the allocation. SPC applied under one category: Postsecondary Vocational (PSV) Programs. Permission is also sought to accept funding for this proposal, if awarded, and enter into any amendments, extensions or agreements as necessary, within the original intent and purpose of the grant.

The funding for the PSV programs allows the College to provide services to students enrolled in Associate in Science and Associate in Applied Science degrees, Applied Technology Diploma and Certificate programs. More specifically, the College will use grant funds to provide:

1. Services to assist special population students in identifying, enrolling and succeeding in the College's A.S. degree and Certificate programs. Special population students include students with disabilities, students who are educationally and economically disadvantaged, single parents, displaced homemakers, single pregnant women, LEP and individuals enrolled in training non-traditional to their gender;

2. Coordinate with Pinellas County Schools to develop a continuous, articulated program of studies from secondary to postsecondary education including transfer to a four-year university; and convert Programs of Study to the state mandated template; and

3. Staff development activities relating to improvement of A.S. degree and Certificate programs, integrating academic and technical education, articulation of technical programs between the Pinellas County Schools and SPC, and improvement of services to special population students and gender equity.
The estimated period of performance will be from July 1, 2012 through June 30, 2013. The College anticipates receiving approximately $1,418,463 over the one year period. See attached Information Summary for additional information.

Suzanne L. Gardner, Acting General Counsel; Jason Krupp, Director of Workforce Services; and Amy Brush, Career Pathway/Workforce Specialist, recommend approval.

MEMORANDUM

TO: Board of Trustees, St. Petersburg College

FROM: William D. Law, Jr., President

SUBJECT: Florida Education Fund for Higher Education - Center of Excellence Program

Confirmation is sought for a proposal that was submitted, subject to Board of Trustees’ approval, to the Florida Education Fund for Higher Education, to continue the Center of Excellence Program (COEP). The goal of the COEP is to intervene in the lives of minority school children at an early age so that they will develop greater interest in education and will continue to succeed in public school as well as in postsecondary education. Permission is also sought to accept funding for this proposal, if awarded, and enter into any amendments, extensions or agreements as necessary, within the original intent and purpose of the grant.

The four primary components of the COEP are: 1) developing Academic Enrichment Centers where students will receive after-school assistance with homework/tutoring to build skills in language arts/communication and mathematics; 2) recognizing high achieving students and inducting them into the National Achievers Honor Society; 3) sponsoring countywide and regional Black History Competition, Culture Brain Bowl, mathematics, and spelling competitions and 4) participating in the Annual Statewide Brain Bowl Competitions and Florida National Achievers Society Summit. Local organizational resources, such as churches and recreation centers, will be enlisted by the College to assist in achieving the program goals. Approximately 200 students will be served by the Center’s various activities.

The award funds will be used to support program activities toward goal achievement. Other major expenditures include transportation costs associated with field trips for educational and cultural events; student activity costs; student/parent seminars and meeting expenses; and costs for materials, printing and supplies.

The period of performance will commence approximately July 1, 2012 and end June 30, 2013. Anticipated revenue to the College will be a total of $21,000. See attached Information Summary for additional information.

Suzanne L. Gardner, Acting General Counsel; Karen Kaufman White, Provost, St. Petersburg/Gibbs Campus; and Linda L. Hogans, Director, Special Programs, recommend approval.

MEMORANDUM

TO: Board of Trustees, St. Petersburg College
FROM: William D. Law, Jr., President
SUBJECT: Pinellas County Emergency Medical Services Authority—Continuing Medical Education Program

Confirmation is sought to continue an agreement, subject to Board of Trustees’ approval, between St. Petersburg College and the Pinellas County Emergency Medical Services Authority for the Emergency Medical Services Continuing Medical Education (EMS CME) grant opportunity. The EMS CME program provides Continuing Medical Education and Remedial Training to EMTs, Paramedics, and Registered Nurses of the Pinellas County EMS System under the joint auspices of the Pinellas County EMS Authority and the College. The grant is a three-year contract through Pinellas County that renews every three years. The first year of the new three-year program period is 2012-2013. The program has been in place for the last 20 years. Permission is also sought to accept funding for this proposal and enter into any amendments, extensions or agreements as necessary, within the original intent and purpose of the grant.

The Pinellas County Emergency Medical Services Authority and the College agree to develop an in-service training program which meets the needs of the EMS System and the community. Distance learning methods and skills-based training will include sufficient numbers of classes and training sites in order to maintain the maximum number of available in-service First Responders and Advance Life Support (ALS) Ambulance units. The Agreement sets forth performance standards and monetary penalties that will be incurred if the standards are not met.

The estimated period of performance will be from October 1, 2012 through September 30, 2015. The total project budget for 2012-2013 (Year 1) is projected to be $376,335. The total project budget for the next fiscal period will be determined at a later date, in an amount not to exceed $500,000 for any given year. The Board will continue to be advised, annually, as to the compensation to be provided to the College by the Pinellas County EMS Authority for the next fiscal period. See attached Information Summary for additional information.

Suzanne L. Gardner, Associate General Counsel; Phil Nicotera, Provost, Health Education Center; and Glenn Davis, CME Program Coordinator, recommend approval.

MEMORANDUM

TO: Board of Trustees, St. Petersburg College

FROM: William D. Law, Jr., President

Confirmation is sought for a modification to a proposal that was submitted, subject to Board of Trustees’ approval, by K2Share to the U.S. Department of Defense, Technical Support Working Group, with St. Petersburg College named as a prime contractor, with the College’s Center for Public Safety Innovation providing specific services in support of training and development. Permission is also sought to accept the funding for this proposal modification and enter into any amendments, extensions or agreements as necessary, within the original intent and purpose of the grant.

Background—Initially, K2Share anticipated subcontracting with St. Petersburg College for the development of one training package to provide military personnel with simulation training for use of the “Raven,” an unmanned aerial aircraft system. The amount of that subcontract was expected to be $279,134 and was approved by the Board in June 2011. Subsequently, the subcontract and Task Order for the “Raven” training package was reduced to $145,557.

Based on the availability of additional funding, K2Share, the military contractor and lead applicant on this project, is now requesting that St. Petersburg College also provide military personnel with simulation training for the use of the “Wasp” and the “Puma” unmanned aircraft systems which are used primarily to conduct surveillance in areas of rough and dangerous terrain. As with the “Raven,” St. Petersburg College will create the video elements and graphics of the simulation training that will be developed and then sent overseas to train military personnel in theater around the world. The period of performance is approximately February 1, 2012 through January 31, 2013. The additional funding to the College to provide the “Wasp” and “Puma” training packages will be approximately $291,114. Based on the additional funding, the total subcontract amount for all three training packages will be $436,671. See attached Information Summary for additional information.

Suzanne L. Gardner, Acting General Counsel; James C. Brock, Campus Executive Officer; and Eileen LaHaie, Executive Director, Center for Public Safety Innovation, recommend approval.

MEMORANDUM

TO: Board of Trustees, St. Petersburg College
FROM: William D. Law, Jr., President
SUBJECT: U.S. Department of Education – Office of Postsecondary Education TRIO Student Support Services (SSS) Program

Confirmation is sought to continue a grant proposal that was submitted, subject to Board of Trustees’ approval, by St. Petersburg College to the U.S. Department of Education, Office of Postsecondary Education, for the TRIO Student Support Services (SSS) Program. The goal of SSS is to increase the college retention and graduation rates of its participants. SSS is one of eight Federal TRIO programs designated to identify and provide services for individuals from disadvantaged backgrounds. SSS is a five-year initiative through the USDOE, currently entering its second year. Permission was sought and approved for the initial program year. Permission is being sought now for the remaining performance periods through 2016. Permission is also sought to accept funding for this proposal and enter into any amendments, extensions or agreements as necessary, within the original intent and purpose of the grant.

SSS supports 160 low-income, first-generation, and/or disabled students who are academically at-risk each year. The program provides opportunities for academic development, assist students with basic college requirements, and to motivate students toward the successful completion of their postsecondary education. SSS also provides grant aid to current SSS participants who are receiving Federal Pell Grants.

The estimated period of performance will be from September 1, 2011 through August 31, 2016. The total project budget is projected to be $1,407,550 over five years. SPC projects the remaining funds for budget periods 2-5 (9/1/2012 through 8/31/2016) to be $1,126,040. See attached Information Summary for additional information.

Suzanne L. Gardner, Acting General Counsel; Anne M. Cooper, Senior Vice President, Academic and Student Affairs; Karen Kaufman White, Provost, St. Petersburg/Gibbs Campus; Stan Vitteoe, Provost, Clearwater Campus, and Linda L. Hogans, Director, Special Programs, recommend approval.

MEMORANDUM

TO: Board of Trustees, St. Petersburg College

FROM: William D. Law, Jr., President

Confirmation is sought for a proposal that was submitted, subject to Board of Trustees’ approval, by St. Petersburg College’s Center for Public Safety Innovation to the U.S. Department of Justice, Bureau of Justice Assistance (BJA), to develop and deliver gang and gun crime reduction focused training and outreach within this two-year grant. Permission is also sought to accept funding for this proposal, if awarded, and enter into any amendments, extensions or agreements as necessary, within the original intent and purpose of the grant.

The Center for Public Safety Innovation will develop and produce a series of gun crime and gang crime reduction courses to be delivered across the Middle District of Florida over the two-year grant. A major component of this grant will be public outreach to increase awareness. In order to reach both a local and regional audience, Public Service Announcements will be created and broadcast in various media markets within the Middle District of Florida in partnership with and input from the U.S. Attorney’s Office and BJA.

The period of performance will commence approximately October 1, 2012 and end September 30, 2014. Anticipated revenue to the College will be approximately $499,830. See attached Information Summary for additional information.

Suzanne L. Gardner, Acting General Counsel; James C. Brock, Campus Executive Officer; and Eileen LaHaie, Executive Director, Center for Public Safety Innovation, recommend approval.

MEMORANDUM

TO: Board of Trustees, St. Petersburg College
FROM: William D. Law, Jr., President
SUBJECT: Workforce Florida, Inc. – Florida Department of Commerce – Quick Response Training Grant (Jabil Circuit)

Confirmation is sought for a proposal submitted, subject to Board of Trustees’ approval, to Workforce Florida, Inc. by St. Petersburg College for the Quick Response Training (QRT) grant on behalf of Jabil Circuit (Jabil). QRT grants provide funding for customized training to new or expanding businesses. Through this industry-driven program, Florida is able to effectively retain and attract businesses creating new high-quality jobs in targeted industries. The grants are structured to be flexible and "respond quickly" to meet the business’s training objectives. Businesses are required to apply for QRT grants through a community college, area technical center or state university, in partnership with the local economic development organization and workforce board. Jabil has a strong partnership with SPC’s Corporate Training which services Jabil’s headquarters in St. Petersburg. Permission is also sought to accept funding for this proposal, if awarded, and enter into any amendments, extensions or agreements as necessary, within the original intent and purpose of the grant.

Funds from this project will cover training, curriculum development, instructional materials, and supplies related to the delivery of leadership and professional development training for new Jabil employees. Jabil will train approximately 317 new employees through its headquarters in St. Petersburg to increase productivity and employee retention, and to reduce the risk of relocation. SPC’s Corporate Training Services will serve as the fiscal agent for Jabil in the implementation of the QRT Program. SPC Corporate Training Services will assist Jabil with its monthly reporting to Workforce Florida, Inc. and provide invoicing services. SPC will receive 5% of the grant request to cover these costs. SPC will also be able to provide potential training and consulting services outside of the grant at the full corporate training fee.

The estimated period of performance will be from September 1, 2012 through August 31, 2014. The total project budget is projected to be $86,053.80 over two years. Of this amount, the College anticipates receiving approximately $4,097.80 for its services over this same two-year period. See attached Information Summary for additional information.

Suzanne L. Gardner, Acting General Counsel; Anne Cooper, Senior Vice President for Academic & Student Affairs; and James Connolly, Corporate Training Director, recommend approval.

MEMORANDUM

TO: Board of Trustees, St. Petersburg College

FROM: William D. Law, Jr., President

SUBJECT: Acquisition of two (2) properties – Preliminary Consideration

1. 1048 22nd Street South, St. Petersburg, Florida, the current location of the Midtown Educational Center; and
2. 1201 22nd Street South, St. Petersburg, Florida near the current location of the Midtown Educational Center

Board support is sought to initiate discussions with St. Petersburg Housing Authority officials relative to the potential purchase of the properties located at 1048 22nd Street South, St. Petersburg, Florida AND 1201 22nd Street S, St. Petersburg, Florida.

The College has been given the opportunity to consider for purchase a potential site acquisition of the property the College currently leases at the existing Midtown Center, located at 1048 22nd Street S. This property consists of approximately 1.69 acres with approximately 10,262 square feet of classroom and offices. The property is owned by the Housing Authority which does not wish to hold non-housing assets.

The College has also been given the opportunity to consider for purchase a potential site acquisition of property located near the existing Midtown Center, Site 16. This property is the Midtown Youth & Family Enrichment Center located at 1201 22nd Street S. This property consists of approximately 0.71 acres with approximately 13,369 square feet of improvements (gymnasium, daycare, and offices).

The College is requesting authorization to initiate discussions for potential purchase of the aforementioned properties. In conjunction with this request, the College would initiate due diligence inspections of the sites, including but not limited to additional appraisals, surveys, Phase I, Environmental Site Assessment, Asbestos Survey, Title and Development Order/DRI-related issues to ensure the best interests of the College are reflected in any future recommendations for purchase of the property.

Any recommendations resulting from these discussions would be submitted to the Board for formal discussion and/or approval at a future meeting.

Doug Duncan, Senior Vice President, Administrative/Business Services and Information Technology recommends approval.

MEMORANDUM

TO:       Board of Trustees, St. Petersburg College
FROM:    William D. Law, Jr., President
SUBJECT: FY11-12 Year End Financial Summary and the FY 12-13 July 1 – July 31 Fund 1 Financial Report

The following are highlights of the FY 11-12 Fund 1 year-end financial report:

1. Total revenues exceeded total operating costs resulting in a year end surplus of $175,635

2. Total revenues of $140 million were 96.6% of the budgeted amount of $145 million. This was primarily attributable to a decline in projected enrollment. The reduction in revenue necessitated a reduction in spending to $139.8 million, 96.5% of the operating expense budgeted amount of $145 million.

3. Total personnel expense exceeded the budgeted amount by .5% ($568,513)
   - The full-time personnel budget (administrative, faculty and career employees) experienced a $3.7 million surplus while the Adjunct/Supplemental Instructional personnel budget experienced a $2.8 million deficit.
   - A large portion of this was due to additional adjunct/supplemental hiring to offset approximately $1.3 million in unfilled full time faculty positions in support of the course schedule which anticipated a 5% enrollment increase.
   - The remaining amount exceeding budget was primarily due to a mid-year adjustment to the amount of health expense transferred to the College’s self-insurance fund.

4. Total current expense was approximately $3.7 million below budget attributable primarily to a large unspent contingency (the contingency contained the budget for the unfilled faculty positions referenced in #3 above).

5. Total capital spending was approximately $1.8 million below budget
Doug Duncan, Senior Vice President, Administrative/Business Services & Information Technology, Jamelle Conner, Associate Vice President, Planning, Budget and Compliance, recommend approval.

MEMORANDUM

TO: Board of Trustees, St. Petersburg College

FROM: William D. Law, Jr., President

SUBJECT: Board of Trustees’ Rules

Over the past year, the College has undertaken a comprehensive, methodical review of the Board of Trustees Rules. In part, the College has undertaken this review to ensure the College remains in compliance with the mandate in 120.74, Florida Statutes, to review, clarify, simplify and streamline rules where needed to improve efficiency and correct deficiencies. Equally importantly, significant attention has been given to separating operating procedures from the Board Rules as a means of promoting accessibility and usability by employees and students. The Rules below are related to Academic Affairs and are the last group to be brought for Board approval under this initiative. All have been through established notification and review processes.

Approval is sought for the following proposed changes to the Rules Manual, which are being submitted for your consideration.

Approval is further sought to allow the College administration to make necessary revisions to Board Rules, as they are identified, which are non-substantive in nature and outside of the state rulemaking requirements of Chapter 120, Florida Statutes. This will provide for the correction and/or updating of things such as: typographical and scrivener’s errors, formatting and citation issues, federal and state statute citations, the College’s name, the Consortium’s name, the Florida College System’s name, administrative position titles, department titles, and committee names.

The foregoing approval will allow the Board’s policies to be more efficiently searched and accurately reflective of current information, thereby further strengthening Board policy and promoting accessibility and usability by the public, employees and students.

6Hx23-1.32 Accreditation—Reporting of Substantive Changes  The proposed new Rule will include institutional policy concerning the reporting of substantive changes to the Southern Association of Colleges and Schools Commission on Colleges related to the accreditation of the College. Submitted by Anne Cooper

6Hx23-3.01 Academic Freedom  The proposed revisions will streamline the policy statement of the College on Academic Freedom as well as shift procedural provisions to a College Procedure. Submitted by Anne Cooper

6Hx23-1.32 ACCREDITATION: REPORTING OF SUBSTANTIVE CHANGES (New Rule)

The College shall notify the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) of substantive changes as defined under federal regulation and, where required, seek approval prior to the initiation of such changes. The Board of Trustees authorizes and directs the President or a designee to establish a procedure to report substantive changes in a timely fashion.

Specific Authority: 1001.64(2) & (4), F.S.
Law Implemented: 1001.64(6), (8), (12) & (14), F.S.; SBE Rule 6A-14.060

History: 8/21/12. To Be Adopted – 8/21/12. Proposed Date to Become Effective – 8/21/12.
ACADEMIC FREEDOM

Academic freedom in the collegiate environment is an essential component of teaching and learning. Faculty are afforded the freedom to cultivate a spirit of inquiry in an atmosphere where ideas, opinions and creativity are valued and scholarly analysis encouraged. Faculty are free in their classroom, research and public expression to exercise and embrace academic freedom.

With academic freedom comes academic responsibility. Faculty members shall exercise their academic freedom with integrity, sensitivity, sound judgment, and a conscientious regard for the rights of others and the best interest of the College.

The Board of Trustees authorizes and directs the President or a designee to establish College procedures that facilitate the exercise of academic freedom and responsibility among faculty and students.

*Please note that the text below in italics will move in its entirety without change or revision to a College Procedure.

I. The purpose of this statement is to promote understanding and support of the principles of academic freedom for St. Petersburg College.

A. Faculty members are entitled to full and complete freedom within the framework of established College Rules and Procedures, as set forth below:

1. in the classroom in presenting and discussing their subjects and other matters relating to it;

2. in research and publication of results so long as such research does not interfere with the performance of their regular duties; and

3. in expressing their opinions as citizens, outside the classroom, free from censorship and discipline by administrative officials or the Board of Trustees of the College. When speaking as citizens, faculty members shall indicate clearly that they are not institutional spokesmen.

B. Faculty members should share in the formulation of the curriculum, the selection of the texts, and the choice of course materials. They should be free to develop their subjects in their classes within the goals and objectives of the curriculum.

C. Faculty members should participate in the formulation of St. Petersburg College Rules relating to academic matters. They
should be directly represented by elected members of their own choosing on the Faculty Governance Organization. Also, they should be represented by at least one member on College standing committees.

D. Faculty members have the right to have access to a procedure for redress in the event of an alleged abridgment of said faculty member's academic freedom. Such instances will be considered by a committee consisting of five nonadministrative faculty representatives who are not directly involved in the case. The faculty member shall petition the vice president of Educational and Student Services in writing. The vice president of Educational and Student Services will call a committee within 14 days of receipt of the petition and will act as an ex-officio member and as ex-officio chairman of the committee. The representatives will be chosen by lot from among the nonadministrative faculty on all campuses. The committee will report its findings and make its recommendations to the President's Cabinet through the vice president of Educational and Student Services.

E. Tenure is described in the State Board of Education Rule 6A-14.0411 as a continuing contract.

F. Consistent and balanced with the rights of the College, an instructor's teaching within the legitimate rights of academic freedom shall not be grounds for nonrenewal or termination.

II. Freedom has its counterpart - responsibility. This means that faculty members will exercise their academic freedom with integrity, sensitivity, taste, judgment, and conscientious regard for the rights of others and to the best interest of the College.

III. Students have academic freedom in the classroom in discussing their course topic and in research of their course topic.

6Hx23-3.04 COURSE DESCRIPTIONS AND COLLEGE PROGRAMS
The development of course curriculum and/or programs shall be the responsibility of the faculty and College administrators, and undertaken in the manner outlined in the Curriculum and Instruction Manual, and in accordance with state Board of Education Rules and accreditation standards. Descriptions of courses and programs shall be submitted to the Board of Trustees for final action.

The Board of Trustees authorizes and directs the President or designee to establish College procedures related to course descriptions and college programs.

*Please note that the text below in italics will move in its entirety without change or revision to a College Procedure.

I. Descriptions of courses and programs shall be submitted to the Board of Trustees for final action and approval by memorandum but shall not be subject to rulemaking procedures since they are curricular matters. The development of curriculum is primarily the responsibility of faculty. Every credit course and/or program is usually developed by faculty and recommended through the curriculum process as defined in the Curriculum and Instruction Manual. The Curriculum and Instruction Committee is composed of representatives from the various disciplines and sites. Committee members are appointed on a 2-year, rotating basis and are responsible to the College President and the vice president of Educational and Student Services. The effective beginning dates of the courses, programs, or changes in same shall be shown.

A. Program descriptions shall include identification of the major or area of concentration, the number of credits needed to complete, and the sequence of courses leading to the major learning outcomes of the program and the standards of student performance required for the award of the certificate or degree.

B. Course description shall describe the content of the course through general statements which delineate major topics to be taught. These descriptions shall be supported by statements of the major learning outcomes of the course which represent its contribution to the program outcomes, and by course objectives stated in performance terms which describe what a student will know or be able to do upon completion of the objective, how the learning will be measured, and what level of performance will be judged satisfactory.

C. Instructors must comply with the approved course content of the courses they teach.

II. Waivers of prerequisites may be granted by the appropriate division of the College. Students who feel that they have sufficient training and/or
experience to warrant a waiver of the prerequisite should consult the program director involved.

III. The objectives and content of any course offered on more than one campus of the College shall be the same. This is not intended to apply to experimental courses or sections.

IV. The College curriculum in effect on October 25, 1977 (previously approved by the Board in Rule form) shall continue as the College curriculum until amended in memorandum form by the Board.

V. Any course section may be withdrawn from the schedule if insufficient enrollment or other factors warrant such action as determined by the President.

VI. Changes authorized by the Board of Trustees on matters relating to the curriculum and hours of credit shall be effective in the succeeding session unless designated by the Board to the contrary.

VII. Any course which is not taught during any term for 5 years and which is not planned to be offered during the next 5 years will be deleted from the College catalog. The President will certify to the Board of Trustees once each academic year that the College has complied with this Rule and State Board of Education Rule 6A-10.0331.

VIII. The College's Curriculum and Instruction Committee has established a 3-year review cycle that will ensure that all courses are reviewed for relevancy, appropriateness, and applicability as required by the Commission on Colleges of the Southern Association of Colleges and Schools.

IX. All existing Flexible Access Courses will be subject to a cyclical review. As the normal curriculum review process comes due for a course's 3-year review with the Curriculum and Instruction Committee, the Flexible Access Course will use the existing Flexible Access Delivery forms in addition to any requirements for the course itself, following the same procedure.

X. The College will periodically conduct an End of Program Assessment for A.S. degrees and an assessment of general educational outcomes for all degrees. In addition, a comprehensive program review will be conducted of all A.S. degrees and Certificate programs.

XI. COURSE DESCRIPTIONS AND COLLEGE PROGRAMS

A. In the Spring of each year, courses that were not created or revised within the previous 3 years will be reviewed by the Curriculum and Instruction Committee.
B. The College’s Curriculum and Instruction Committee has established a 3-year review cycle that will ensure that all courses are reviewed for relevancy, appropriateness, and applicability as required by the Commission on Colleges of the Southern Association of Colleges and Schools.

C. Program directors/upper-division deans receive notification from the senior vice president of Educational and Student Services of the courses to be reviewed. Program directors/upper-division deans then cause those courses to be carefully reviewed by program faculty and then "certify" as relevant, appropriate, and current or have them revised as needed. These review actions are submitted to the Curriculum and Instruction Committee. The process from Curriculum and Instruction Committee to the Board of Trustees and finally to the Statewide Course Numbering System is followed.

D. Each September, Curriculum Services will submit a Data Processing Report Request to Administrative Information Systems asking for a list of all courses currently in the curriculum that have not been taught within the preceding 5 years. The list will be obtained by comparing courses from the records of all courses taught during the past 5 years (Course History File) with all courses in the curriculum (Standard Course Listing File) excluding “0” credit hour courses and deleted courses.

E. Curriculum Services will then ask the appropriate program directors/upper-division deans to verify that the courses listed have not been taught for the past 5 years and indicate whether they plan to offer the courses within the next 5 years. Courses that have not been taught during the past 5 years and for which there are no firm plans to offer, will be submitted to the Curriculum and Instruction Committee with a recommendation that they be deleted from the curriculum. The process from Curriculum and Instruction Committee to the Board of Trustees and finally to the Statewide Course Numbering System is followed.

XII. CHANGING COURSE TITLES, COURSE NUMBERS, COURSE DESCRIPTIONS, CREDIT HOURS OR PROGRAMS; OR ADDING NEW COURSES OR NEW PROGRAMS; OR DELETING COURSES OR PROGRAMS

A. Credit courses offered by the College are recommended by the Curriculum and Instruction Committee, through the senior vice president of Educational & Student Services to the President’s Cabinet. The final recommendation is acted upon by the Board of Trustees.
B. Responsibilities of faculty/administration in initiating and approving changes and additions:

1. Faculty initiators investigate the need for addition or revision of a course or program or deletion of a course or program.

2. The person initiating the change checks with the program directors, program coordinators and upper-division deans who use the course for their reactions to the change.

3. The originator prepares a full proposal, including a curriculum proposal, course outline, Course Maintenance Form, rationale, program outline and Program Maintenance Form if required and forwards to the program director/upper-division dean.

4. The course outline must be written in the correct format as shown in the Curriculum and Instruction Manual and all proposal forms must be filled out completely.

C. The program director/upper-division dean considers the change.

1. The program director/upper-division dean ascertains if all input data needed to make a decision has been provided.

2. If the program director/upper-division dean approves the proposal, the Curriculum and Instructional Proposal Form and all supporting materials will be submitted through channels to the provost, campus executive officer or senior vice president of Baccalaureate Programs and University Partnerships for approval and submission to the curriculum services coordinator.

3. The curriculum services coordinator checks the proposal for completeness and correct format. If the proposal is not correct, it will be sent back to the program director/upper-division dean for revisions.

4. If approved by the provost, campus executive officer or senior vice president of Baccalaureate Programs and University Partnerships, the form and supporting materials are submitted for approval by the Curriculum and Instruction Committee.

5. If approved by the Curriculum and Instruction Committee, the form and materials are submitted for approval by the President’s Cabinet.

6. If approved by the President’s Cabinet, the proposal is placed on the agenda for formal approval by the Board of Trustees. A
copy of the Board agenda applicable to curriculum changes should be provided to the liaison officer.

D. The involved personnel process of the curriculum proposal.

1. The Curriculum and Instruction Committee reviews the proposal.

   a) The Curriculum and Instruction Committee evaluates the proposal for established criteria.

   b) Any person may send support or rejection comments to the Curriculum and Instruction Committee or present them in person.

   c) The Curriculum and Instruction Committee may request modification.

      i. Notifies originator.

      ii. Notifies appropriate program director/upper-division dean.

   d) The Curriculum and Instruction Committee may reject the proposal.

      i. Justification sent to originator.

      ii. Justification sent to appropriate program director/upper-division dean.

   e) The Curriculum and Instruction Committee may approve the proposal.

      i. Curriculum Services Office forwards the approval to the President's Cabinet.

      ii. If the proposal is approved by the President's Cabinet, then it is forwarded to the Board of Trustees for approval.

      iii. Curriculum Services Office forwards the necessary paperwork to the Statewide Course Numbering System (SCNS) for approval.

   f) Courses offered through Flexible Access Delivery methods shall be approved by a sub-committee of Curriculum and Instruction and presented to the full
Curriculum and Instruction Committee for information purposes.

All existing Flexible Access Courses will be subject to a cyclical review. As the normal curriculum review process comes due for a course’s 3-year review with the Curriculum and Instruction Committee, the Flexible Access Course will use the existing Flexible Access Delivery forms in addition to any requirements for the course itself, following the same procedure.

E. Responsibilities of curriculum services coordinator for verifying information and reporting:

1. The curriculum services coordinator will be responsible for reviewing new courses or changes in course descriptions that would affect the course number and for determining the appropriate course number in coordination with the Statewide Course Numbering System (SCNS). The curriculum services coordinator is the person responsible for contacting SCNS and requesting assistance in assigning a course number.

2. If the Board of Trustees gives formal approval, the curriculum services coordinator will complete the required forms and submit to SCNS.

3. SCNS will verify acceptance by returning an Inventory Update Report, which is a detail of the forms submitted by St. Petersburg College. The curriculum services coordinator should review the Inventory Update Report for completeness of forms submitted. If there are any changes in course numbers by SCNS, Curriculum Services will input the corrections into the computer system.

4. At least once annually, the curriculum services coordinator should request a printout of all courses for St. Petersburg College from Administrative Information Systems and compare each course number, course name, and course credit hours with the Institution Course Inventory Report by SCNS Course supplied by SCNS.

F. Responsibilities for catalog preparation:

To ensure completeness and accuracy of the St. Petersburg College Catalog, the curriculum services coordinator should coordinate changes, additions, and deletions with computer printouts and the Board of Trustees’ minutes.
For specific procedures, see the current St. Petersburg College Curriculum and Instruction Manual.

XIII. CLASSIFICATION OF INSTRUCTIONAL PROGRAMS AND COURSES

Programs or courses authorized for funding shall be classified and defined as:

A. Advanced and professional
B. Vocational
C. Compensatory
D. Community instructional services

The classification of new programs or courses shall be made according to the categories defined by law. This determination shall be made by the program directors/upper-division deans or continuing education coordinators. In the case of the former, the curriculum services coordinator shall check the accuracy of the classification. The provost on open campus or his/her designee will check the accuracy of the classification of continuing education courses. Changes in classification shall follow the same procedures.

6Hx23-3.05 LIBRARY BORROWING PRIVILEGES AND RESPONSIBILITIES AND USE POLICY

The Board of Trustees authorizes and directs the President to establish procedures related to the use of the College’s libraries by students and the community, and as may relate to library policies and borrowing privileges.

*Please note that the text below in italics will move in its entirety without change or revision to a College Procedure.

I. BORROWING PRIVILEGES
A. Students, faculty and staff of the College who are in good standing at the College have library borrowing privileges. The College identification card is used as a library card.

B. Any resident of Pinellas County who has a valid public library card and is in good standing at any public library participating in the Pinellas County Library Cooperative (Community Borrowers) is granted borrowing privileges.

C. Any adult (18 or older) resident of Pinellas County who is not enrolled at SPC or a member of the College staff and does not have a valid public library card may be granted borrowing privileges upon payment of a $15.00 fee per year.

D. Students, faculty and staff in good standing at any publicly funded university or community college in Florida have borrowing privileges through a Reciprocal Borrowing Agreement between the colleges and universities.

E. Registered volunteers of the College have borrowing privileges during the academic terms they serve as volunteers.

F. Retirees from the College have lifetime borrowing privileges.

G. Persons who do not meet any of the criteria stated in A-F above may use College resources in the library for reference and research purposes. Limited information may be supplied through the reference desk to telephone inquiries from the community.

II. BORROWING RESPONSIBILITIES

A. Persons identified in paragraphs I. B. and I. C. above must complete a registration form at the circulation desk at any of the campus libraries. The borrower will be registered for a period of one calendar year from the date of registration. The registrant will be responsible for all items charged.

B. Materials and equipment borrowed from the libraries of St. Petersburg College and not returned by the designated due dates will accrue fines as follows (college employees are exempt from Sections II. B. 1. a-d and II. C.).

1. Library fine schedule for overdue items:
   a) Books - 15 cents per day; forgiven up to 4 days, $1.00; total book fines are capped at $20.00.
   b) Art/sculpture - 15 cents per day.
c) Equipment - $1.00 per day.

d) Reserve materials used within the library - $1.00 per hour overdue up to a maximum of $5.00 per item. There is no forgiveness of fines.

e) Reserve materials circulated for use outside of the library - $1.00 per day overdue up to a maximum of $5.00 per item. There is no forgiveness of fines.

f) Videotapes - $2.00 per day per videotape.

2. Individuals identified in paragraph I. C. above may be granted borrowing privileges upon payment of a $15.00 fee per year.

3. Faculty may borrow materials for an entire session by making request for a Session Loan at the appropriate library. Lease Collection materials are not eligible for Session Loans.

4. When books, materials, or equipment on loan are lost, the borrower must pay a replacement cost or an estimated cost if the item is not currently available, plus a $2.00 service charge and a $5.00 fine for each lost item in lieu of fines in II. B. 1. above.

   a) Books - the price is determined from the most current BOOKS IN PRINT. If the book is out of print, the average cost is determined from the most recent BOWKER ANNUAL.

   b) Periodicals - the cost of one issue is doubles, plus a $5.00 fine.

   c) Discs and cassettes - the cost is determined from the most recent SCHWANN RECORD CATALOG.

C. When materials or equipment on loan are physically damaged, the borrower is responsible for the cost or repairs. Prior to the loan of equipment and upon completing the personal responsibility form (Form No. 415), borrowers are informed of the replacement cost of such equipment. Such costs are not to exceed the replacement of the materials or equipment.

D. Refund policy after payment in II.C. has been made: The amount representing the value of the item in II.C. will be refunded by the business office if an item for which payment has been made is located and returned to the learning resources center within one year after payment. Fines and service charges will not be refunded.
NOTE: The official name for the library is the M. M. Bennett Library.

6Hx23-3.09 OUT-OF-DISTRICT COURSE APPROVAL

The Board of Trustees authorizes and directs the President or designee to establish procedures related to the approval of out of district courses in accordance with state law and accreditation standards.

*Please note that the text below in italics will move in its entirety without change or revision to a College Procedure.

State Board of Education Rule 6A-14.06 requires that the State Board of Community Colleges approve all courses which are offered outside of a community college's district. Requests for State Board of Community College approval must be approved by the Board of Trustees. The president is authorized to submit a request to the State Board of
Community Colleges so long as the course offering is confirmed by the Board of Trustees prior to the beginning of the course.

Specific Authority: 1001.64(2) & (4), F.S.  
Law Implemented: 1001.64(6), (8) & (18), 1012.855, F.S.; SBE Rule 6A-14.029  
History: Adopted 4/16/87. Filed 4/16/87. Effective 4/16/87; 8/21/12. To Be Filed – 8/21/12. Proposed Date To Become Effective – 8/21/12.

6Hx23-3.908 CONDUCTING EDUCATIONAL RESEARCH

The Board of Trustees authorizes and directs the President to establish procedures related to the review, approval and monitoring of research studies conducted at the College which may involve students, staff, and institutional resources for the purpose of protecting individual rights and supporting the interests of the College.

*Please note that the text below in italics will move in its entirety without change or revision to a College Procedure.

I. Purpose And Intent:
To review, approve, and monitor research studies conducted by employees or others outside the College involving students, faculty, staff, alumni, or other College resources for purposes of protecting human rights and supporting the interests of the College.

II. Definition of Research Study:

A. Research study at the College is defined as “research” (See Code of Federal Regulations, 45 CFR 46.102 (d)) that involves “human subjects” (See Code of Federal Regulations, 45 CFR 46.102(f)).

B. Research is defined as "a systematic investigation, including research development, testing, and evaluation, designed to develop or contribute to generalizable knowledge" according to the Code of Federal Regulations, 45 CFR 46.102 (d).

C. Human subject is defined as an “individual about whom an investigator (whether professional or student) conducting research obtains data through intervention or interaction with the individual or identifiable private information” according to the Code of Federal Regulations, 45 CFR 46.102(f).

III. Requests to Conduct Research Studies:

A. All requests for conducting educational research must be filed with the Department of Institutional Research and Effectiveness through the submission of a signed Application for Research Study along with the following:

1. Signed Access to Confidential Information agreement;
2. Copy of the research proposal;
3. Copies of any consent forms;
4. Copies of any assessment instruments (tests, surveys, questionnaires, or interview scripts);
5. Copy of the Institutional Research Board (IRB) application, if any, submitted to another institution; and
6. Copy of the IRB approval letter, if applicable.

In addition to the preceding information and documentation, the Research Review Committee may also request the submission of evidence of participation in a human participant training course, and/or may require additional training in the area of conducting research involving human subjects.

B. The Research Review Committee will convene to assess completed application packets (signed by both the applicant(s) and the research sponsor) and will determine whether the application will be approved or denied based on the level of risk to participants and the best
interests of the College. Research shall not violate any state or federal law pertaining to the protection of privacy and present only a minimal risk to participants.

C. Minimal risk is defined as the “probability and magnitude of harm or discomfort anticipated in the research are not greater in and of themselves than those ordinarily encountered in daily life or during the performance of routine physical or psychological examinations or tests,” according to the Code of Federal Regulations, 45 CFR 46.102 (i).

D. The Chair of the Research Review Committee (or designee) will notify the applicant(s) of the approval or rejection of the application. At any time, if further participation in the project is considered to be not in the best interest of the College, the researcher will be notified of the rejection immediately.

E. The researcher(s) submitting the application will be required to agree to supply the Institutional Research Officer with a complete, final version of the research report for placement in the central research files.

F. An Annual Update Form will be required to be filed by the research applicant with the Department of Institutional Research and Effectiveness. Where the research has not been completed within the allotted twelve months, the applicant(s) may request an extension of time.

IV. Exception of Student Course Assignments:

A. Student course assignments are generally not considered “research” under the federal definition as these course assignments are not “systematic data collection” efforts intended to “develop or contribute to generalizable knowledge.” Therefore, student course assignments generally do not require the Research Review Committee review, approval, and monitoring.

B. However, when student course assignments are in fact systematic data collection efforts intended to “develop or contribute to generalizable knowledge,” they are considered a research study and are subject to Research Review Committee review, approval, and monitoring.

C. One clear example that the activity is a research study is the intent to publish or otherwise disseminate the results of the research activity. Faculty and/or students intending to publish such course assignments must complete an Application for Research Study and
submit it to the Research Review Committee for review and approval prior to beginning the assignment.

6Hx23-3.911 RESALE OF COMPLIMENTARY TEXTBOOKS

The buying and selling of marked textbooks which college employees receive as complimentary or desk copies is prohibited by St. Petersburg College. The Board of Trustees authorizes and directs the President or a designee to establish related procedures in accordance with state and federal law.

*Please note that the text below in italics will move in its entirety without change or revision to a College Procedure.

St. Petersburg College subscribes to the recommendations of the Association of American Publishers as defined in their article entitled College Textbooks: A Resource Imperiled by the Sale of Comp Copies,” because of ethical considerations and for the protection of the interests of faculty who publish.
I. The buying and selling of marked textbooks which college employees receive as complimentary or desk copies is prohibited by St. Petersburg College. Complimentary copies of textbooks are not to be sold to any persons or organizations, including solicitors or used-book dealers. The college bookstore is prohibited from selling complimentary copies whatever their source may be.

II. Instructors should request only the titles and numbers of copies required for evaluation; request only books that they are in a position to adopt or recommend for adoption; and donate books they receive and do not need for reference or for courses they teach or are likely to teach, to the college library or another non-profit institution or return them to the publisher.

6Hx23-4.54 REQUIREMENTS OF THE DENTAL HYGIENE PROGRAM

The Board of Trustees authorizes and directs the President or a designee to establish procedures related to registration into the first specialty course of, and progression requirements for, the Dental Hygiene Program.

*Please note that the text below in italics will move in its entirety without change or revision to a College Procedure.

I. Progression Requirements:

Students who are eligible to start the first specialty course in the program must submit a Health Programs Application form to be enrolled in that course. At the time of enrolling in the first specialty course, students must
continue to meet the progression requirements. One class is admitted each year in May. Students to be admitted will be determined by the Health Programs Special Rules, 6Hx23-4.53, Section I.D.

A. Minimum requirements for registration into the first specialty course are as follows:

1. Completion of all college preparatory course work.

2. A 3.00 grade point average on a 4.00 scale in a minimum of twelve (12) semester hours in dental hygiene general education and support courses.

3. Completion of Anatomy and Physiology I and Anatomy and Physiology I Lab.

4. Completion of sixteen (16) hours of observation, volunteer service, or work experience in dentistry. This must be verified by a signed statement from a dentist or dental hygienist.

B. Each student, prior to beginning DEH 1003L (Dental Hygiene I Clinic), must have initiated the Hepatitis B immunization series. In addition, the student must show evidence of immunity to or inoculation against the hepatitis virus prior to beginning DEH 1800L (Dental Hygiene II Clinic). Said immunization series may be waived when medically contraindicated by a physician in writing and a release is signed by the student.

C. Students in this program must maintain a valid BLS for Healthcare Providers throughout the program.

D. All Progression Requirements for Health Related Programs (6Hx23-4.53) apply to the Dental Hygiene Program.

E. Students transferring from another dental hygiene program must be in good standing in such program and satisfactorily demonstrate program competencies (Exceptions will be handled by the Provost's Office at the Health Education Center).

II. In addition to SPC graduation requirements, students must meet these special graduation requirements:

A. A grade of "C" or better in all designated specialty courses in this program.

B. Students must satisfactorily complete an end-of-program assessment examination.

Specific Authority: 1001.64 (2) & (4), F.S.
The Board of Trustees authorizes and directs the President or a designee to establish procedures related to registration into the first specialty course of, and progression requirements for, the Emergency Medical Services Program.

*Please note that the text below in italics will move in its entirety without change or revision to a College Procedure.

I. Progression Requirements:

Eligibility to start the first specialty course in the program is based upon the following minimum requirements. Students transferring from another EMS program must be in good standing in such program (Exceptions will be handled by the Provost’s Office at the Health Education Center).
A. Requirements for Health Related Programs (6Hx23-4.53) apply to the Emergency Medical Services Program.

B. Each student must have a physical examination by a licensed physician or advanced nurse practitioner verifying satisfactory health status. This must include all immunizations, tests, and health verification as specified within contractual agreements with affiliating agencies. This may be required on an annual basis at the discretion of the program director of the health-related program to which the student has been admitted.

1. EMT candidates’ health verification is due within a time period specified by the EMS department not to exceed two (2) weeks into a specific semester.

2. Paramedic candidates’ health verification is due prior to the conclusion of the College’s established drop/add period in the first semester of course work.

3. Completion of immunization requirement:

   a. Tuberculosis (TB) Mantoux Test – a current test is required every 12 months. If the skin test is positive, then a chest x-ray is required to document absence of chest disease, in accordance with CDC guidelines.

   b. Tetanus Diphtheria – good for 10 years, but must have had booster within a 5-year period.

   c. Measles, Mumps, Rubella (MMR) or Rubella Titer – immunization or titer dated 1969 or later.

   d. Varicella Titer – requires immunization if titer does not show immunity.

   e. Hepatitis B – said immunization series may be waived when medically contraindicated by a physician in writing and a release is signed by the student, although this may preclude students from participating in a clinical setting, as per the agency contract.

   f. Poliomyelitis

II. Admission to the Emergency Medical Services Applied Technology Diploma (ATD) program for Emergency Medical Technician (EMT) program is based upon the following minimum requirements:

A. Completion of I.A. & B.
B. Valid American Heart Association Healthcare Provider or American Red Cross Professional Rescuer, or American Safety and Health Institute CPR-Pro with AED cardiopulmonary resuscitation (CPR) card.

III. Admission to the Emergency Medical Services Certificate Program for paramedics is based upon the following minimum requirements:

A. Completion of I.A. & B.

B. Successful completion of BSC 1084C or BSC 2085, and BSC 2085L (minimum of “C” grade or better).

C. Emergency Medical Technician (EMT) certification by the Florida Department of Health Bureau of EMS, or eligible for State of Florida EMT certification as outlined in Revised Chapter 64-J2, Florida Administrative Code for enrolled students in the Associate of Science degree program completing EMT competencies. Proof of certification as a Florida certified EMT is required before an EMS student can participate in any paramedic clinicals. Failure to obtain state of Florida EMT certification by the end of the second week of the initial paramedic session, as defined by the current year’s catalog, will be cause for withdrawal from the program for that session. Students may reapply for subsequent sessions after meeting this requirement.

D. EMT clinical experience requirement:

1. Minimum of six month’s experience as an EMT in the pre-hospital emergency medical environment, or

2. Minimum of 140 hours documented clinical and pre-hospital emergency medical experience during an EMT’s volunteer or employment history, or

3. Minimum of 140 hours documented clinical and pre-hospital emergency medical experience during initial EMT education.

E. Satisfactory completion of a basic EMT written and practical competency examination.

IV. Special Progress Requirements:

A. Progress meetings with program staff or program director as required.

B. Applied Technology Diploma:

1. Emergency Medical Technician (EMT)
a. Maintain a minimum “C” grade on all corequisites and courses in the major in the EMT program for state and national certification eligibility.

C. Certificate Programs:

1. Paramedic

a. Maintain a minimum “C” grade on all corequisites and courses in the major in the paramedic program for state and national certification eligibility.

b. All paramedic candidates must obtain the State of Florida EMT certification before the beginning of the second week in the paramedic program and maintain the EMT certification throughout the paramedic program.

6Hx23-4.57 REQUIREMENTS OF THE MEDICAL LABORATORY TECHNOLOGY (MLT) PROGRAM

The Board of Trustees authorizes and directs the President or a designee to establish procedures related to registration into the first specialty course of, and progression requirements for, the Medical Laboratory Technology Program.

*Please note that the text below in italics will move in its entirety without change or revision to a College Procedure.

I. Progression Requirements:

Eligibility to start the first specialty course in the program is based upon the following minimum requirements.

A. Requirements for health related programs (6Hx23-4.53) apply to the Medical Laboratory Technology Program.
B. Within six months prior to enrolling in the first specialty course each student must have a physical examination by a licensed physician or advanced RN practitioner verifying satisfactory health status. This must include all immunizations, tests, and health verification as specified within contractual agreements with affiliating agencies. This may be required on an annual basis at the discretion of the program director of the health-related program to which the student has been admitted.

C. Students transferring from another MLT program must be in good standing in such program (Exceptions will be handled by the Provost's Office at the Health Education Center).

D. Completion of ENC 1101, Mathematics, BSC 2010-2010L and CHM 1025-1025L and satisfaction of the Computer/Information Literacy Competency Requirement.

E. MLT students are required to make individual arrangements for receiving the Hepatitis B Vaccine prior to beginning in the first specialty course. Students must provide a record of vaccination and/or proof of positive antibody status. Prior to the first laboratory class, documentation of at least the first injection of the series must be submitted to the Program Director. Said immunization series may be waived when medically contraindicated by a physician in writing and a release is signed by the student.

F. MLT students need to obtain a position as a clinical laboratory trainee in one of the College’s affiliated clinical laboratories prior to starting the first specialty course.

II. Special clinical requirements

A. In order to enroll in courses which have clinical assignment, students must meet the eligibility requirements of a "clinical laboratory trainee," as established in Chapter 483, Florida Statutes, if applicable.

B. In order to enroll in courses that have clinical assignments, students need to obtain and maintain a position as a clinical laboratory trainee in one of the College’s affiliated clinical laboratories.

III. In addition to SPC graduation requirements, students must meet these special graduation requirements

A. A grade of "C" or better in all courses in this program.

B. Students must satisfactorily complete an end-of-program competency assessment examination.
6Hx23-4.60 REQUIREMENTS OF THE PHYSICAL THERAPIST ASSISTANT PROGRAM

The Board of Trustees authorizes and directs the President or a designee to establish procedures related to registration into the first specialty course of, and progression requirements for, the Physical Therapist Assistant Program.

*Please note that the text below in italics will move in its entirety without change or revision to a College Procedure.

I. Progression Requirements

Eligibility to start the first specialty course in the program is based upon the following minimum requirements:

A. Requirements for Health Related Programs (6Hx23-4.53) apply to the Physical Therapist Assistant Program.

B. Completion of:

1. BSC 2085 Anatomy and Physiology I and BSC 2085L Anatomy and Physiology I Laboratory with a grade of “C” or better, ENC 1101, HSC 1531 and the Computer Literacy Competency Requirement.
II. Special Progression Requirements

In order to enroll in any PHT course with prerequisites, a grade of "C" or better must have been earned in all prerequisite PHT courses.

III. In addition to SPC graduation requirements, students must meet these special graduation requirements

A. A grade of "C" or better in all Physical Therapist Assistant courses in this program.

B. Students must satisfactorily complete an end of program competency assessment examination.
6Hx23-4.61 REQUIREMENTS OF THE RESPIRATORY CARE PROGRAM

The Board of Trustees authorizes and directs the President or a designee to establish procedures related to registration into the first specialty course of, and progression requirements for, the Respiratory Care Program.

*Please note that the text below in italics will move in its entirety without change or revision to a College Procedure.

I. Progression Requirements:

Eligibility to start the first specialty course in the program is based upon the following minimum requirements.

A. Requirements for Health Related Programs (6Hx23-4.53) apply to the Respiratory Care Program.

B. Within six months of enrolling in the first specialty course each student must have a physical examination by a licensed physician or advanced RN practitioner verifying satisfactory health status. This must include all immunizations, tests, and health verification as specified within contractual agreements with affiliating agencies. This may be required on an annual basis at the discretion of the program director of the health-related program to which the student has been admitted.
C. Students transferring from another respiratory care program must be in good standing in such program (Exceptions will be handled by the Provost’s Office at the Health Education Center).

D. Completion of twelve (12) credits in general education or support courses with a minimum cumulative GPA of 2.5 to include BSC 2085 and BSC 2085L with a grade of “C” or better.

E. Completion of a minimum of four (4) hours of observation, volunteer service, or work experience in a respiratory care department.

F. Students who have been dismissed twice for academic failure of any combination of Respiratory Care Program courses, RET prefix, will be unable to return to the program.

II. For the transitional program for respiratory technicians or students having prior experience or education in respiratory therapy, a two course series, RET 1264 and RET 1485, is specially designed as entry point into the respiratory care program. Students who successfully complete the special program enter the sophomore class, Session I.

A. Minimum requirements for application and admission are as follows:
   1. Completion of I. A., B., C. & D.
   2. Respiratory technicians certified by the National Board for Respiratory Care must submit a notarized copy of their certification.

III. For the Paramedic/EMS transitional program, credit will be granted for RET 1874L and RET 1875L.

A. Minimum requirements for application and admission are as follows:
   1. Completion of I. A., B., C. & D.
   2. Submission of current Florida paramedic certificate.

IV. Special Progress Requirements

In order to enroll in any course within the major with prerequisites, a grade of "C" or better must have been earned in all prerequisite Respiratory Care courses.

V. In addition to SPC graduation requirements, students must meet these special graduation requirements:

A. A grade of "C" or better in each designated specialty course in this program.
B. Satisfactory completion of an end of program competency assessment examination.

For academically outstanding and motivated students, St. Petersburg College offers specially enriched honors courses. The Board of Trustees authorizes and directs the President or designee to establish a College procedure to outline eligibility and to support the Honors College.

*Please note that the text below in italics will move in its entirety without change or revision to a College Procedure.

HONORS COLLEGE

These specially enriched sections present a more varied and challenging curriculum by which selected students can satisfy some of the general education requirements and achieve and enhance maximum development of their academic ability and talent. Continuation in the Honors College is contingent on maintaining high academic, ethical and service-learning excellence.

I. Admission for the high school graduates to the Honors College is based on the following requirements:

   A. be in the top ten percent (10%) of their high school graduating class OR have earned a high school cumulative grade point average of 3.5 or higher on a 4.00 scale; OR

   B. achieved a score of 1200 or higher on the SAT; OR
C. achieved a composite score of 26 or higher on the ACT; OR

D. achieved a score of no less than 100 on the English and Reading portions and 72 on the college Math portion of the College placement test; AND

E. have a satisfactory written essay on the special topic (for both high school students, SPC current and transfer students).

II. Admission for the SPC current and transfer students to the Honors College is based on the following requirements:

A. have earned college cumulative grade point average of 3.5 or higher with at least 12 credits of college coursework; OR

B. be an active member of Phi Theta Kappa (for SPC current and transfer students); OR

C. present a recommendation for admission to the Honors Program from a counselor or an instructor who is familiar with their academic work (for SPC current and transfer students); AND

D. have a satisfactory written essay on the special topic (for both high school students, SPC current and transfer students).

III. Admission of SPC collegiate high school students and early admission high school students to the Honors College is based on the following requirements:

A. have earned college cumulative grade point average of 3.5 or higher with at least 12 credits of college coursework; AND

B. present a recommendation for admission to the Honors Program from a counselor or an instructor who is familiar with their academic work; AND

C. have a satisfactory written essay on the special topic.

IV. Continuation in the Honors College is based on the following requirements:

A. have earned a grade point average of 3.3 or greater in honors courses and be enrolled in 3 credit hours of honors courses for each semester;

B. have earned college cumulative grade point average of 3.25 or greater by the end of the academic year; AND
C. be involved in service-learning projects and/or in one extra-curricular activity each semester.

6Hx23-4.68 REQUIREMENTS OF THE RADIOGRAPHY PROGRAM

The Board of Trustees authorizes and directs the President or a designee to establish procedures related to registration into the first specialty course of, and progression requirements for, the Radiography Program.

*Please note that the text below in italics will move in its entirety without change or revision to a College Procedure.

I. Progression Requirements:

Eligibility to start the first specialty course in the program is based upon the following minimum requirements.

A. Requirements for health related programs (6Hx23-4.53) apply to the Radiography Program. Students to be admitted will be determined by the Health Related Programs Special Rules, 6Hx23-4.53, Section I.D.

B. Within six months of enrolling in the first specialty course each student must have a physical examination by a licensed physician or advanced RN practitioner verifying satisfactory health status. This must include all immunizations, tests, and health verification as specified within contractual agreements with affiliating agencies. This may be required on an annual basis at the discretion of the program director of the health-related program to which the student has been admitted.

C. At least 18 years of age (as required by Florida Statute).

D. Completion of:
BSC 1085, BSC 1085L and MAC 1105

All with a grade of “C” or better.

E. Completion of a minimum of 8 hours of observation, volunteer service, or work experience in a radiology department of imaging center. (Experience must be verified by a signed statement from a radiologist or radiographer.)

II. Extended Program Option

The Radiography Program offers an option for those who wish to complete the Program in 3 years. Students selecting this option usually are those who are unable, for personal, financial or academic reasons, to complete the program in the usual 2 years. The student may request to enter the 3-year track at any time after the 1st semester. In order to be placed in the 3-year track the student must complete the following:

A. Receive approval from the program director to enter the 3-year track.

B. Successfully complete all radiography courses offered during the 1st semester of the 1st year with a "C" or higher grade.

C. Complete all courses in the Extended Program Option with a "C" or higher grade in the sequence given. The student is subject to the readmission policy requirements if a grade of less than "C" is received in any RTE course.

D. The courses to be completed depend upon which semester the student enters the 3-year track.

III. Special Progress Requirements

A. Prior to the start of Session III of the freshman year, students in the program must have successfully completed the requirements for a Basic Rescuer CPR Certificate.

B. In order to enroll in any RTE Radiography program course with a prerequisite, a grade of "C" or better must have been earned in all prerequisite courses.

C. Prior to the start of Session I of the sophomore year, students must have successfully completed a 4-hour Florida Department of Health, Bureau of Radiation Control approved HIV/AIDS class.

D. Prior to the start of the freshman year, all students accepted into the program must complete a minimum of 24 hours of observation in the
Radiology Department of a hospital affiliated with the College’s program.

IV. Readmission

A. A student must successfully demonstrate the appropriate level clinical skills to the clinical coordinator prior to returning to the clinical setting after an absence of 1 semester or more.

B. A student may request to continue in the program beyond 3 years for financial, health or personal reasons. The following procedure is required:

1. The student must submit a Special Application Form to the program director prior to the beginning of the session in which the student wishes to re-enter.
   
   For Session I - apply by May 1  
   For Session II - apply by October 1  
   For Session III - apply by February 1

2. The student must successfully demonstrate the appropriate level clinical skills to the clinical coordinator.

3. If medical conditions were involved, written verification of current good health and ability to function safely in clinical situations is required.

4. The decision regarding re-entry will be made by a Faculty Committee on an individual basis and is subject to course sequence and class size.

5. The student will be informed in writing of the decision by the program director.

V. In addition to SPC graduation requirements, students must meet this special graduation requirement:

A. A grade of “C” or better must be achieved in all specialty (RTE) courses.

Specific Authority: 1001.64(2) & (4), F.S.
Law Implemented: 1000.21, 1001.64(4)(b) & (6), 1004.68, 1007.263, F.S. Rule 6A-14.030, F.A.C.

6Hx23-4.69 REQUIREMENTS OF THE NURSING PROGRAM

The Board of Trustees authorizes and directs the President or a designee to establish procedures related to registration into the first specialty course of, and progression requirements for, the Nursing Program.

*Please note that the text below in italics will move in its entirety without change or revision to a College Procedure.

I. Progression Requirements:

Students who are eligible to start the first specialty course in the program must submit a Health Programs Application form to be enrolled in that course. Enrolling in the first specialty course, students must continue to meet progression requirements. Students to be admitted will be determined by the Health Programs Special Rules, 6Hx23-4.53, Section I. D.

A. Minimum requirements for registration into the first specialty course are as follows:

1. Completion of all college preparatory course work.

2. Standard (Scaled Score) of 95 on the reading subsection of the Florida College Entry Level Placement Test, equivalent score on other standardized tests as recommended by the nursing faculty and approved by President's Cabinet, or have a Master's degree or higher from a regionally accredited university or college, or earn "C" or better in REA 1105.

3. Candidates who have had previous courses in another registered nursing program must submit a transcript from the school of nursing and a reference from the official head of the program or appropriate designate. An "individual learning plan" will be developed for each transferring in student by the SPC
Nursing faculty that delineates the completion of the nursing program in order to graduate from SPC.

4. Completion of a minimum of 11 credits in Nursing pre-entry general education and support courses with a 2.75 minimum grade point average on a 4.00 scale and a 2.75 minimum grade point average on a 4.00 scale in the following courses that are being considered for admission:  BSC 2085, BSC 2085L, BSC 2086, BSC 2086L, MCB 2010, and MCB 2010L.

5. Computer/Information Literacy Competency (no minimum credit hours required). Computer/Information literacy competency may be demonstrated by completing one of the following:

   a. Passing a College approved Basic Computer/Information Skills Competency Test: or

   b. Successful completion of at least one of the following:

      1)  CGS 1070 Basic Computer and Information Literacy.

      2)  CGS 1100 Microcomputer Applications (as revised in 2002) or LIS 1102, CGS 1510 and OST 1741.

      3)  EME 2040 Introduction to Educational Technology (as revised in 2002), preferred for Education majors.

B. All pre-entry, general education and support courses must be completed with a minimum grade of “C”.

C. Each student selected must have a physical examination and required immunizations, titers and/or screenings prior to entrance into the first year of the Nursing Program. These must be updated as required while in the program.

D. All progression requirements for health related programs (6Hx23-4.53) apply to the Nursing Program.

E. Students must complete the pre-entry science and support course requirements within three attempts.

F. Consideration for readmission into the nursing program after having failed or withdrawn from any course in the first session of the Nursing Program will require the student to go through the selective admission process.

G. Students transferring from another Nursing program must be in good standing in such program.
H. Students must have a valid American Heart Association Health Care Provider CPR Certification prior to entrance into the first year of the Nursing Program. The certification must be kept current throughout the program.

II. For the transitional program for practical nurses licensed in Florida, a course is specially designed as entry point for licensed practical nurses or other special students. Special students are defined as students who have satisfactorily completed course work deemed to be equivalent to that of an LPN. Students who successfully complete NUR 1001C, Orientation to Technical Nursing Therapy, Clinical Experience and NUR 1001, Orientation to Technical Nursing Therapy, will enter the sophomore class.

A. Minimum requirements for consideration of licensed practical nurses and special students are the same as I.A., B., C., D., E., F., G. & H. above and in addition:

1. Be currently licensed in Florida (or eligible for license by transfer of license from out of state).

2. Completion of the following courses with grades as defined in I.A.:

   PSY 1012 -- General Psychology

   BSC 2085/2085L -- Human Anatomy and Physiology and Laboratory I

   BSC 2086/2086L -- Human Anatomy and Physiology and Laboratory II

3. Additional pre-entry course requirements include:

   College approved Humanities elective (Applicants who have earned an Associate in Arts, Baccalaureate, or higher degree from an accredited institution are waived from this requirement.)

4. For those LPN transitional students entering in May (day schedule), it is recommended they have most, if not all, general education and support courses completed.

III. For the transitional program for paramedics (evening track), the following are the minimum requirements for consideration as an applicant to the freshman class:

B. Additional requirements:

1. Must have completed 25 pre-entry, general education or support credits. These MUST include 8 hours of anatomy and physiology, 3 hours of English, and 3 hours of PSY 1012. The other 11 hours are the student’s choice from required pre-entry, general education and support curriculum.

2. Must have received an AS in Emergency Medical Services or have taken equivalent general education/support courses.

3. Must be currently a state certified paramedic.

IV. Students who have any combination of two failures in the following nursing courses listed below will be dismissed and unable to return to the program:

Nursing I NUR 1021C; Nursing II NUR 1211C; Nursing III NUR 2462C; Nursing IV NUR 2731C; Transition to Professional Nursing NUR 1001C; and Nursing Care Management NUR 2811C.

V. Classes may be offered during the day or evening schedule depending upon the availability of classes within the program. Evening is defined as 1:00 p.m. - 11:00 p.m.

VI. In addition to SPC graduation requirements, students must meet these special graduation requirements:

A. A grade of “C” or better in each of the designated specialty courses in this program.

B. A grade of “C” or better in all courses in the Nursing Program.

C. A valid American Heart Association Health Care Provider C.P.R. certificate.

D. For transfer students, completion of the “individual learning plan.”

E. Students must satisfactorily complete an end of program competency assessment examination in theory and an end of program clinical evaluation.

6Hx23-4.70  REQUIREMENTS OF THE HEALTH INFORMATION MANAGEMENT PROGRAM

The Board of Trustees authorizes and directs the President or a designee to establish procedures related to registration into the first specialty course of, and progression requirements for, the Health Information Management Program.

*Please note that the text below in italics will move in its entirety without change or revision to a College Procedure.

HEALTH INFORMATION MANAGEMENT ASSOCIATE IN SCIENCE DEGREE

I. Progression Requirements:

Eligibility to start the first specialty course in the Health Information Management (HIM) associate in science program is based upon the following minimum requirements.

A. Requirements for health related programs (6Hx23-4.53) apply to the Health Information Management program.

B. Within six months prior to enrolling in the first specialty course each student must have a physical examination by a licensed physician or advanced RN practitioner verifying satisfactory health status. This must include all immunizations, tests, and health verification as specified with contractual agreements with affiliating agencies. This may be required on an annual basis at the discretion of the program director of the health-related program to which the student has been admitted.

C. Students transferring from another health information management or other health related program must be in good standing in such program (Exceptions will be handled by the Provost's Office at the Health Education Center).

D. Completion of:

1. These support courses with grades of “C” or better:

   CTS 1101 Basic Computer and Information Literacy or Computer/Information Literacy Competency requirement and
HSC 1531 Medical Terminology and BSC 1083 Human Anatomy or BSC 2085, 2085L Anatomy & Physiology I with Lab and BSC 2086, 2086L Anatomy & Physiology II with Lab.

2. A minimum of 12 semester hours of Health Information Management general education and support courses.

II. Special progress requirements:

A. In order to enroll in any program course with a prerequisite, a grade of "C" or better must have been earned in the prerequisite(s) to said course.

III. In addition to SPC graduation requirements, students must meet these special graduation requirements:

A. A grade of "C" or better in all H.I.M. courses and in all support courses.

B. Students must satisfactorily complete an end-of-the program competency assessment examination.

MEDICAL CODER CERTIFICATE

I. Progression Requirements:

Eligibility to start the first specialty course in the Medical Coder Certificate program is based upon the following minimum requirements.

A. Requirements for health related programs (6Hx23-4.53) apply to the Medical Coder Certificate program.

B. Within six months prior to enrolling in the first specialty course each student must have a physical examination by a licensed physician or advanced RN practitioner verifying satisfactory health status. This must include all immunizations, tests, and health verification as specified with contractual agreements with affiliating agencies. This may be required on an annual basis at the discretion of the program director of the health-related program to which the student has been admitted.

C. Students transferring from another medical coder or other health related program must be in good standing in such program (Exceptions will be handled by the Provost's Office at the Health Education Center).

D. Completion of these support courses with grades of “C” or better:
CTS 1101 Basic Computer and Information Literacy or Computer/Information Literacy Competency requirement and HSC 1531 Medical Terminology and BSC 1083 Human Anatomy or BSC 2085, 2085L Anatomy & Physiology I with Lab and BSC 2086, 2086L Anatomy & Physiology II with Lab.

II. Special progress requirements:

A. In order to enroll in any program course with a prerequisite, a grade of "C" or better must have been earned in the prerequisite(s) to said course.

III. In addition to SPC graduation requirements, students must meet these special graduation requirements:

A. A grade of "C" or better in all Medical Coder Certificate courses and in all support courses.

B. Students must satisfactorily complete an end-of-the program competency assessment examination.

ASSOCIATE IN SCIENCE PROGRAM

I. Progression Requirements:

Eligibility to start the first specialty course in the Healthcare Informatics associate in science program is based upon the following minimum requirements:

A. Requirements for health related programs (6Hx23-4.53) apply to the Healthcare Informatics program.

B. Within six months prior to enrolling in the first specialty course each student must have a physical examination by a licensed physician or advanced RN practitioner verifying satisfactory health status. This must include all immunizations, tests, and health verification as specified with contractual agreements with affiliating agencies. This may be required on an annual basis at the discretion of the program director of the health-related program to which the student has been admitted.

C. Students transferring from another healthcare informatics or other health related program must be in good standing in such program (Exceptions will be handled by the Provost's Office at the Health Education Center).

D. Completion of:

1. These support courses with grades of “C” or better:

   Computer/Information Literacy Competency requirement and HSC 1531 Medical Terminology and BSC 1083 Human Anatomy or (BSC 1085/1085L Anatomy & Physiology I with Lab and BSC 1086/1086L Anatomy & Physiology II with Lab.)

2. A minimum of 12 semester hours of Healthcare Informatics general education and support courses.
II. Special progress requirements:

A. In order to enroll in any program course with a prerequisite, a grade of "C" or better must have been earned in the prerequisite(s) to said course.

III. In addition to SPC graduation requirements, students must meet this special graduation requirement:

A. A grade of "C" or better in all Healthcare Informatics courses and in all support courses.

CERTIFICATE PROGRAM

I. Progression Requirements:

Eligibility to start the first specialty course in the Healthcare Informatics certificate program is based upon the following minimum requirements:

A. Requirements for health related programs pursuant to Rule 6Hx23-4.53 (except for the minimum G.P.A. requirement listed at Section I.A.) apply to the Healthcare Informatics Certificate program. Students must be in academic good standing.

B. Within six months prior to enrolling in the first specialty course each student must have a physical examination by a licensed physician or advanced RN practitioner verifying satisfactory health status. This must include all immunizations, tests, and health verification as specified with contractual agreements with affiliating agencies. This may be required on an annual basis at the discretion of the program director of the health-related program to which the student has been admitted.

C. Students transferring from another healthcare informatics or other health related program must be in good standing in such program (Exceptions will be handled by the Provost's Office at the Health Education Center).

D. Completion of:

1. Computer/Information Literacy Competency requirement with grade of “C” or better or passing a college approved Basic Computer/Information Skills Competency Test.

II. Special progress requirements:
A. In order to enroll in any program course with a prerequisite, a grade of "C" or better must have been earned in the prerequisite(s) to said course.

III. In addition to SPC graduation requirements, students must meet this special graduation requirement:

A. A grade of "C" or better in all Healthcare Informatics courses and in all support courses.

Specific Authority: 1001.64(2) & (4), F.S.
Law Implemented: 1001.64(4)(b) & (6), 1007.263, 1001.02, 1001.03, F.S.; Rules 6A-14.030, F.A.C.

History: Adopted – 10/16/07. Effective – 10/16/07; 8/21/12. To Be Filed – 8/21/12. Proposed Date to Become Effective – 8/21/12.
The Board of Trustees authorizes and directs the President or a designee to establish procedures related to registration into the first specialty course of, and progression requirements for, the Funeral Services Program.

*Please note that the text below in italics will move in its entirety without change or revision to a College Procedure.

I. Progression Requirements:

Eligibility to start the first specialty course in the program is based upon the following minimum requirements:

A. Requirements for Health Related Programs (6Hx23-4.53) apply to the Funeral Services Program.

B. Funeral Services students are required to make individual arrangements for receiving the Hepatitis B Vaccine prior to beginning in the first specialty course in Funeral Services. Students must provide a record of vaccination and/or proof of positive antibody status. Prior to the first laboratory class, documentation of at least the first injection of the series must be submitted to the Program Director. Said immunization series may be waived when medically contraindicated by a physician in writing and a release is signed by the student.

C. Students transferring from another funeral services or other health related program must be in good standing in such program (Exceptions will be handled by the Provost's Office at the Health Education Center).

D. Completion of all Funeral Services general education courses.

E. Current accreditation standards mandate that faculty site visits be made to off-campus sites used for education and training purposes. To cover the costs of these visits for students attending a clinical site outside the zone of district travel, special fees will be assessed, according to State Board of Education Rule 6A-14-054. See Board of Trustees’ Student Fees Rule 6Hx23-5.17.

II. Special Graduation Requirements

A. A grade of “C” or better in all FSE courses.

B. Students must take the National Board Examination offered by the International Conference of Examining Boards.

Specific Authority: 1001.64(2) & (4), F.S.

The Board of Trustees authorizes and directs the President or a designee to establish special requirements and procedures related to the admission and progression of students in the College of Education.

*Please note that the text below in italics will move in its entirety without change or revision to a College Procedure.

**INTENT AND PURPOSE**

This College of Education (COE) Rule is applicable to certification, non-certification, and non-degree Programs as described below.

I. Admission to College of Education programs is based on applicants meeting all of the criteria listed below.

A. Undergraduate certification programs

1. Complete both the St. Petersburg College and the COE supplement applications for admission.

2. Complete an A.A. degree or 60 hours of general education requirements leading to the A.A. degree.

3. Submit official academic transcripts from all past post-secondary institutions attended.
   a. Transfer credit will be considered on a case-by-case basis.
   b. College of Education faculty will determine if transfer credit includes required competencies or if additional assignments are to be submitted.

4. Earn an overall cumulative 2.5 GPA on a 4.0 scale in previous coursework.

5. Demonstrate mastery of general knowledge by passing an appropriate Florida Department of Education examination required for admission into a teacher preparation program.

6. Complete all lower-division common education prerequisites and all Florida mandated prerequisites with final course grades no lower than a “C”.

7. Be in good academic and disciplinary standing with all previous education programs attended and be eligible to return.

B. Educator Preparation Institute (EPI) certification programs
1. Complete both the St. Petersburg College and the COE supplement applications for admission.

2. Submit an official transcript showing a completed bachelor’s degree from an accredited college or university approved by the Florida Department of Education (FLDOE).
   a. Transfer credit will be considered on a case-by-case basis.
   b. College of Education faculty will determine if transfer credit includes required competencies or if additional assignments are to be submitted.

3. Submit a valid Official Statement of Status of Eligibility from the FLDOE in an approved EPI certification area.

4. Demonstrate mastery of general knowledge by passing an appropriate Florida Department of Education examination required for admission into a teacher preparation program.

5. Applicants for middle grades (5-9) or secondary (6-12) certification areas must present passing scores on a Florida Department of Education subject area examination appropriate to their certification area.

C. Especially for Canadians

1. Complete the International Application to St. Petersburg College.

2. Submit an official transcript showing a completed four-year bachelor’s degree from an accredited college or university approved by the Florida Department of Education.

3. Applicants with a degree from an international institution must present an official course-by-course evaluation showing the equivalency of a four year, regionally accredited U.S. college or university degree.

4. Present a Statement of Financial Ability and a current bank statement (issued within the last three months).

5. Upon receipt of a United States Social Security Number, applicants must present a valid Official Statement of Status of Eligibility from the Florida Department of Education and demonstrate mastery of general knowledge by passing an appropriate Florida Department of Education examination required for admission into a teacher preparation program.
D. Undergraduate non-certification programs

1. Complete both the St. Petersburg College and the COE supplement applications for admission.

2. Complete an A.A. degree or 60 hours of general education requirements leading to the A.A. degree.

3. Submit official academic transcripts from all past post-secondary institutions attended.

4. Earn an overall cumulative 2.0 GPA on a 4.0 scale in previous coursework.

5. Complete the lower-division common education prerequisites with final course grades no lower than a “C”.

E. Non-degree students must complete the following requirements to register for College of Education courses:

1. Professional Preparation to Full Certification
   a. Complete the St. Petersburg College application.
   b. Submit a valid Official Statement of Status of Eligibility from the Florida Department of Education.
   c. Submit a transcript showing a completed bachelor’s degree (unofficial transcripts are accepted).

2. Certification Renewal and Reinstatement.
   a. Complete the St. Petersburg College Application.
   b. Present a copy of a teaching certificate (valid or expired).
   c. Submit a transcript showing a completed bachelor’s degree (unofficial transcripts are accepted).

3. Autism Endorsement
   a. Complete the St. Petersburg College Application.
   b. Submit a copy of a valid teaching certificate, if appropriate.
   c. Submit written approval from district supervisor, if appropriate.
4. **Industrial/Technical Education (ITE)**
   a. Complete the St. Petersburg College application.
   b. Present a copy of a valid vocational teaching certificate or a letter from a school district outlining the industrial/technical courses required for district certification.

5. **Undergraduate transient students**
   a. Complete the St. Petersburg College application for admission.
   b. Submit either an official transcript from home institution or a signed transient enrollment form from the home institution.
   c. Be in good academic and disciplinary standing with home institution.

II. Progression through College of Education programs is based on students demonstrating required knowledge, skills, and dispositions while maintaining good moral character, by following the criteria listed below.

A. **Knowledge and Skill Requirements**

1. **Demonstrate mastery on all assignments, activities, and assessments pertaining to state-mandated standards and competencies by earning a grade of “C” or higher.**
   a. **Failure to demonstrate successful mastery** on an assignment, activity or assessment pertaining to a state-mandated standard/competency (grade of “C” or higher) will result in the student having to correct and resubmit the assignment, activity, or assessment until mastery is demonstrated (within the time frame specified in the course syllabus). Resubmitted assignments, activities, or assessments cannot receive a grade higher than a “C”.
   b. **Failure to demonstrate successful mastery** on an assignment, activity, or assessment pertaining to a state-mandated standard/competency within the specified time frame will result in failure of the course where the assignment, activity, or assessment is given.
   c. **If academic integrity is breached** on an assignment, activity, or assessment related to a state-mandated
standard/competency, a student will be required to resubmit the assignment, activity or assessment to demonstrate mastery by producing “C” level work as a progression requirement, but will receive a grade of zero on it when the course grade is calculated.

2. Demonstrate academic integrity on all assignments, activities, and assessments. If an instructor believes that academic integrity was breached, a meeting will be convened with the student and appropriate College of Education personnel. If it is found that the student failed to maintain academic integrity, this will result, at minimum, in the student receiving a failing grade for the assignment, and possibly a failing grade for the course where the infraction occurred. Infractions associated with academic integrity will also be considered a dispositional issue, subject to appropriate action to be discussed in Section II.B, Dispositional Requirements, and Section VI, Process for Deficiencies in Knowledge, Skills, and Dispositions. The campus associate provost will be notified of any infraction and an unrecorded probation may result, pursuant to Board of Trustees (BOT) Rule 6Hx23-4.461, Student Affairs: Academic Honesty Policies.

3. Complete applicable field experiences – Field experiences are defined as any component of the COE program that requires students to demonstrate the knowledge, skills and dispositions of the profession while maintaining good moral character in an actual P-12 setting (or working with P-12 students).

   a. All students must complete the field experiences associated with a course within the semester’s time frame. Failure to complete the required field experience associated with a course within the semester’s time frame may result in a failing grade.

   b. Where applicable, mastery of state-mandated standards and competencies must be demonstrated on all assignments, activities and assessments not pertaining to the final internship in order to receive permission to begin the final internship.

4. Earn a grade of “C” or higher in all COE courses. Failure to earn a grade of “C” or higher in any COE course will result in the student having to retake the course to earn a grade of “C” or higher.

5. Certification students must maintain a minimum cumulative GPA of 2.5 on a 4.0 scale, including a 2.5 in all upper division
coursework. Failure to maintain the 2.5 overall GPA will result in the student being placed on probation. (See Section V, Process for Deficiencies in GPA, for detailed information.) Non-certification students must maintain a minimum cumulative GPA of 2.0 on a 4.0 scale, including a 2.0 in all upper division coursework.

B. Disposition Requirements

1. A student’s professional dispositions are formally evaluated throughout their program of study. Dispositions that are evaluated include, but are not limited to: collaborating and communicating effectively with colleagues and other adults, reflecting on professional decisions and actions, demonstrating emotional maturity, demonstrating initiative, demonstrating commitment to diversity and sensitivity to all students, adhering to professional ethics, demonstrating professional work ethic, adapting to change, and demonstrating a commitment to teaching.

2. When a dispositional issue arises, prompt and appropriate action is taken by the COE. This includes a dispositions conference and the completion of appropriate forms, which may include a dispositions report, statement of concern, and/or teacher assistance plan.

3. Failure to rectify a dispositional issue may result in the student being subject to probation, suspension, or dismissal. (See Section VI, Process for Deficiencies in Knowledge, Skills, and Dispositions, for detailed information.)

III. Field Experience Requirements - Field experiences are defined as any component of the COE program that requires students to demonstrate the knowledge, skills and dispositions of the profession while maintaining good moral character in an actual P-12 setting (or working with P-12 students). Eligibility to complete field experiences is governed by the criteria listed below.

A. Application – For any semester where a student needs a placement, the student must complete and submit the appropriate application by the stated deadline. Failure to complete and submit the appropriate application by the stated deadline may result in a forfeited placement for that semester.

B. Disclosure of Background Information – By the end of the first week of each semester, students must submit a disclosure form electronically to the Office of School Partnerships (OSP). Failure to
submit the appropriate disclosure form by the end of the first week of the semester may result in a forfeited placement.

1. All charges, pending litigation, arrests, and convictions must be reported even if records have been sealed or expunged, or occurred when the teacher candidate was a minor.

2. If background information is disclosed that will preclude the student from working with P-12 students, the director of School Partnerships (or appropriate designee) will consult with the student. If it is determined that the student would not be able to pass a background check to complete required field experiences, the student will not be able to remain in a College of Education program with field experience components.
   a. Failure to disclose background information could result in a student being withdrawn from any and all field experience courses without a refund.
   b. If a student properly discloses information that precludes him or her from working with children after registration, he or she may be eligible for a tuition refund, and may continue his or her coursework for the remainder of the semester in non-field experience courses.

3. Should an infraction or serious allegation occur after submitting the disclosure form, all students are required to report the incident within 48 hours by completing a new disclosure form. The student should also contact the director of School Partnerships (or appropriate designee) within 48 hours of the event.

C. Background Check - All students enrolled in courses with field experiences will be required to successfully meet the background check requirements of the districts and/or sites in which they are placed in order to participate in field experiences.

1. All fees associated with the background checks are the responsibility of the student.

2. In the event that a student does not receive background check clearance, it is the student’s responsibility to follow up with the district or site to determine which identified infraction precludes him/her from participating in field experiences.

3. Students with unacceptable background check results will be withdrawn from any field experience courses without a refund of
tuition, and will not be eligible to enroll in any field experience courses until they obtain clearance.

4. Students who do not meet background check requirements for a public school district within the COE’s service area will not be permitted to complete field experiences in private schools.

5. Any allegation of misconduct that surfaces about a student enrolled in any COE course with a field experience component may result in the student being removed from all field experiences until all allegations or pending investigations are resolved.

D. Field Experience Placement Process – The College of Education reserves the right and will place students in diverse settings that comply with state and local school-district requirements. The College of Education will not be able to guarantee personal preferences when making placements.

1. Field experience hours/school-based hours – Field experiences associated with a COE course, but not identified as a practicum or an internship.

   a. The Office of School Partnerships is available to assist students in obtaining placements in courses where field experience hours/school-based hours are required.

   b. It is the responsibility of the student to follow the procedures established by OSP for the term where field experience hours/school-based hours are needed.

2. Practicum (if applicable) – To receive a practicum placement, students must:

   a. Submit an application to OSP by the stated deadline.

   b. Register for the appropriate course.

   c. Complete the disclosure form.

   d. Attend appropriate orientation meeting.

3. Internship (if applicable) – To receive an internship placement, a student must:

   a. Submit an application to OSP by the stated deadline (the application must be approved by appropriate faculty prior to submission).
b. Complete the disclosure form.

c. Complete and submit all assignments, activities, and assessments pertaining to state-mandated standards/competencies that are not part of the internship (undergraduates only),

d. Pass the appropriate sections of a state certification examination outlined in the student’s degree plan.

E. Expectations of Students - When completing field experiences, students are expected to demonstrate the knowledge, skills, and dispositions of the profession while maintaining good moral character.

1. Failure to demonstrate the knowledge skills, and dispositions of the profession while maintaining good moral character could result in failure of the field experience course, along with the student being subject to probation, suspension, or dismissal. (See Section VI, Process for Deficiencies in Knowledge, Skills, and Dispositions, for detailed information.)

2. If a student fails to successfully complete a practicum or final internship course after two attempts, the student must request permission to attempt the practicum or final internship for a third time.

   a. Students requesting permission to attempt a practicum or final internship for the third time must submit a detailed written request to the director of School Partnerships (or appropriate designee), which will then be forwarded to the dean of the College of Education (or appropriate designee) for approval or denial. The student will be notified in writing of the decision.

   b. If the request is denied, a student may appeal following the guidelines outlined in Rule 6Hx23-4.36, Student Grievances and Appeals.

3. An issue consisting of a violation of the Florida Code of Ethics for Educators may result in dismissal from the College of Education. (See Section VI.D, Immediate Suspension or Dismissal, for detailed information.)

4. If a dispositional or ethical concern arises during a field experience, the site and/or COE have the right to ask the student not to return to any field experience site unless approved by the Office of School Partnerships. Students
dismissed from a site will not be eligible to continue their field experience that term, and will not be eligible to complete any field experience at any site, unless the issue has been resolved and approval is granted by OSP.

IV. Completion of College of Education undergraduate certification and non-certification programs, and EPI certification programs, is based on students fulfilling all of the criteria listed below. Graduation requirements as set forth in St. Petersburg College’s Board of Trustees Rule will also apply. Completion of a COE program of study does not guarantee certification by the Florida Department of Education.

A. Pass all courses in COE program of study with no grade lower than a “C”. For certification programs, maintain a cumulative GPA of 2.5 or higher, including a 2.5 in all upper division coursework. For non-certification programs, maintain a cumulative GPA of 2.0 or higher, including a 2.0 in all upper division coursework.

B. Demonstrate mastery (by earning a grade of “C” or higher) on all assignments, activities, and assessments pertaining to state-mandated standards and competencies.

C. Submit a complete electronic portfolio of appropriate assignments, activities, and assessments pertaining to state-mandated standards and competencies by specified deadline. Receive a check-off from appropriate faculty.

D. For certification students, pass all sections of an appropriate state certification exam prior to the last day of the term.

E. For EPI students, present a valid Official Statement of Status of Eligibility from the Florida Department of Education showing a status of “Eligible” for certification.

F. For undergraduates, complete the state mandated foreign language graduation requirement, as outlined in State Statute. See the program office for specific details.

G. For undergraduates, complete at least 40 semester hours of courses numbered 3000 level or above. At least 30 of the 40 hours, including the final internship and at least one practicum experience (if applicable to program of study), must be earned at St. Petersburg College.

H. For undergraduates, complete the general education requirements for the Associate in Arts degree including any assessment of education outcomes that are required by the College.
I. Apply for graduation by SPC’s stated deadline.

V. Process for Deficiencies in GPA – Any certification student whose GPA falls below a 2.5 will be subject to academic probation, suspension, or dismissal. Teacher candidates receiving VA benefits or other forms of financial assistance may lose some or all of such benefits as a result of probation, suspension, or dismissal. Any non-certification student whose GPA falls below a 2.0 will be subject to SPC’s policy outlined in BOT Rule 6Hx23-4.46, Academic Warning, Probation, Suspension, and Dismissal.

A. Academic Probation

1. Teacher candidates who fail to maintain an overall GPA of 2.5 or higher will be placed on academic probation and have an academic registration hold placed on their records. The hold will prohibit the teacher candidate from registering for courses without the permission of appropriate COE personnel.

2. The teacher candidate may remain on probation for one session for the GPA to be brought up to a 2.5.

B. Academic Suspension

1. Teacher candidates who fail to bring their GPA up to a 2.5 in one session after being placed on probation will be suspended. An assistance plan will be developed outlining specific terms that must be met prior to reinstatement.

2. While under academic suspension, the teacher candidate will be ineligible to enroll in any course in a College of Education certification program, and if their GPA is below a 2.0, will be ineligible to enroll in any course in the College of Education. An academic registration hold will be placed on the teacher candidate’s records during the duration of the suspension.

3. Following one session of suspension, a teacher candidate may consult with appropriate College of Education admission personnel regarding reinstatement. The student should also consult with appropriate faculty members regarding their assistance plan.

C. Academic Dismissal

1. A teacher candidate who has been suspended for one session, is reinstated, and then fails to maintain a 2.5 overall GPA, will be dismissed from the College of Education certification program.
2. A teacher candidate who has been academically dismissed will not be eligible to enroll in any course in a College of Education certification program, and if their GPA is below a 2.0, will be ineligible to enroll in any course in the College of Education, for at least one calendar year. An academic registration hold will be placed on the teacher candidate’s records during the duration of the dismissal.

3. After one year (12 months) of academic dismissal, a teacher candidate may re-apply for admission to a College of Education certification program.

VI. Process for Deficiencies in Knowledge, Skills, and Dispositions: The College of Education will take action whenever a student fails to demonstrate required knowledge, skills, and dispositions, while maintaining good moral character. Some incidents/deficiencies may be resolved outside of a formal disciplinary process by appropriate COE faculty or staff. Other incidents/deficiencies, including cases of plagiarism, repeated or unresolved dispositional issues, repeated or unresolved knowledge or skill deficiencies, and/or violations of the Florida Code of Ethics for Educators, will subject a student to a disciplinary process that could include probation, suspension, or dismissal. Students receiving VA benefits or other forms of financial assistance may lose some or all of such benefits as a result of probation, suspension, or dismissal.

A. Incident Review - When an incident or deficiency is identified that warrants review for probation, suspension, or dismissal, appropriate COE faculty or staff will notify the director of Curriculum and Student Success (or appropriate designee) in writing, and forward any documentation or supporting evidence.

1. The director of Curriculum and Student Success (or appropriate designee) will convene a meeting with the student and appropriate COE faculty and/or staff. The purpose of this meeting will be to discuss alleged deficiencies, review all evidence, and record the student’s responses to the allegations.

   a. If a student refuses to attend the meeting, he or she will automatically be subject to probation.

   b. If a student has to reschedule a meeting, he or she must notify the director of Curriculum and Student Success in advance of the meeting with a valid and documented reason for rescheduling.

2. Upon reviewing all evidence and testimony, one of the following decisions may be reached:
a. No action is required.

b. The incident/deficiency warrants action, but probation is not the appropriate next step. An assistance plan will be developed and presented to the student with specific terms and monitoring. If the terms of the assistance plan are not met, the student will be subject to probation, and another meeting will be convened with the director of Curriculum and Student Success and appropriate COE personnel to outline the terms of the probation. If the student refuses to sign the plan, he or she will automatically be subject to probation.

c. The incident/deficiency warrants probation.

d. The incident/deficiency warrants review for immediate suspension/dismissal (see Section VI.D).

3. The student will be notified in writing of the decision and a copy of the letter will be forwarded to the dean of the College of Education.

4. Depending on the nature of the infraction, appropriate SPC personnel may be notified and the student may be subject to the policy outlined in Board of Trustees’ Rule 6Hx23-4.33, Student and Student Organization Regulations, and Rule 6Hx23-4.35, Disciplinary Rule.

B. Probation - If it is determined that probation is appropriate, a new assistance plan will be developed. This may either occur at the Initial Review Meeting, or at a separate meeting called after the Initial Review. If the student refuses to attend a probation meeting, he or she will be subject to suspension or dismissal. If the student needs to reschedule the meeting, he or she must contact the director of Curriculum and Student Success in advance of the meeting with a valid and documented reason for rescheduling.

1. The new assistance plan will build on any previous plans and will outline specific terms and timeframes of the probation.

   a. If the student refuses to sign the plan, he or she will still be subject to the terms of the plan, but may appeal following SPC’s process outlined in Board Rule 6Hx23-4.36, Section I.F, Student Grievances and Appeals.

   b. A copy of the form is given to every participant at the meeting and forwarded to the dean.
2. A student’s progress in improving deficiencies is monitored by an appropriate COE faculty or staff member (determined at the probation meeting). The student will schedule regular meetings to review progress on items outlined in the assistance plan. At any point during probation, the following actions may be recommended:

   a. When the student corrects deficiencies in the predetermined knowledge, skills and/or dispositions required by the College of Education within the stated time frame, a letter will be sent to the student indicating that deficiencies have been satisfactorily resolved and the student will be removed from probation status.

   b. When the student fails to correct deficiencies in the predetermined knowledge, skills and/or dispositions required by the College of Education within the stated time frame(s), the director of Curriculum and Student Success (or appropriate designee) will convene a meeting with appropriate COE faculty and staff to consider all documentation and testimony, and propose a course of action. This course of action could include a recommendation for suspension or dismissal.

C. Suspension/Dismissal

1. When a student is recommended for suspension or dismissal, written notification is sent by certified U.S. mail (with return receipt requested) or personal delivery to the student’s last known address setting forth the reasons or grounds for such action. It is the student’s responsibility to ensure that SPC has an updated mailing address.

   a. The student shall be notified that he or she has ten (10) business days from the date the written notification is sent (not the date it is received) to appeal the suspension or dismissal. The student must submit a request for appeal, in writing, to the campus associate provost. The student shall follow the procedures for an appeal set forth in Board Rule 6Hx23-4.36, Student Grievances and Appeals.

   b. The student’s failure to appeal pursuant to said procedure within the stated time frame shall result in an automatic suspension or dismissal and shall constitute a waiver and bar of the student’s rights.

   c. Suspension or dismissal results in an immediate withdrawal from all College of Education courses.
d. During suspension or dismissal, the student is ineligible to enroll in any College of Education course.

e. Any student who is suspended shall be informed of the deficiencies which must be corrected prior to readmission, and may apply and be considered for re-admission to the program after a suspension for one full session. Any student who is dismissed shall be informed of the deficiencies which must be corrected prior to readmission, and may apply and be considered for readmission to the program after one year (12 months).

f. If a student is reinstated into the College of Education after suspension and the deficiency persists, the student will be subject to dismissal.

D. Immediate Suspension or Dismissal. If evidence is presented by COE or school-district/field experience site personnel that a gross infringement of professional standards occurred which poses an immediate threat to the health, safety or welfare of students or others, the College of Education reserves the right to suspend or dismiss a student immediately. This suspension or dismissal will be subject to an expedited meeting with the person bringing the charge(s), and COE and SPC personnel, to determine the disciplinary action that will take place. The student shall have rights to a formal appeal set forth in Board of Trustees’ Rule 6Hx23-4.36, Student Grievances and Appeals, and may request an immediate hearing if suspended or dismissed.

E. Students may also be subject to SPC’s collegewide disciplinary process, outlined in these Board of Trustees’ Rules 6Hx23-4.33, Student and Student Organization Regulations, and 6Hx23-4.35, Disciplinary Rule.

Specific Authority: 1001.64(2) & (4), F.S.

Law Implemented: 1001.64(4)(b), (6), (7), (8), (8)(a) & (b), 1004.04, 1007.263, 1007.262, 1012.56, F.S.; SBE Rule 6A-5.066, F.A.C.

The Board of Trustees authorizes and directs the President or a designee to establish special requirements and procedures related academic/school-based hours probation, suspension and dismissal of students in the College of Education.

*Please note that the text below in italics will move in its entirety without change or revision to a College Procedure.*

**INTENT AND PURPOSE:**

*Board of Trustees’ Rule 6Hx23-4.72 Section III, A. provides that the College has the right to place on probation, suspend or dismiss from the College of Education any student, in school-based environments, who does not exhibit the knowledge, competencies, dispositions or ethics required by the College of Education and*
the Educator Accomplished Practices at the pre-professional level determined by the Florida Education Standards Commission.

The College of Education programs of study include both on campus and clinical (school-based) components including the final internship. Therefore, the school-based component is recognized as academic in nature. Therefore, decisions regarding a student’s progress within the school-based component are within the professional assessment and judgment of the appropriate faculty member(s). However, in order to provide students, to the degree possible, with an opportunity to correct deficiencies prior to suspension or dismissal from a program, this procedure will be followed.

I. Preliminary Review/Evaluation

A student’s faculty advisor coordinates the review and evaluation process and works with the student to improve identified deficiencies. Therefore, when an issue relating to deficiencies in the predetermined knowledge, competencies, dispositions or ethics required by the College of Education and the Educator Accomplished Practices for pre-professional teachers is identified, the faculty advisor is made aware of the deficiencies and follows the following steps:

A. The faculty advisor gathers information from appropriate faculty member(s), school district personnel, the Director of School Partnerships, or other parties who have identified or have knowledge of the student’s deficiencies.

B. The faculty advisor arranges a meeting with the student to discuss alleged deficiencies and to record student responses to the allegations.

C. Depending on the nature of the allegations, and in consultation with the Dean, a decision is made to either proceed to informally resolve the deficiencies with the student and other parties involved or to proceed with a formal recommendation for probation, suspension or dismissal. Any student recommended for probation, suspension or dismissal shall be provided with a copy of this Rule and Rule 6Hx23-4.36.

II. Probation

A. When the decision to proceed with the probation is made, written notification is given to the student that sets the date and time of the probation meeting.

B. At the initial probation meeting, the faculty advisor, appropriate faculty member(s) and the Director of School Partnerships meet with the student to discuss the identified deficiencies and other pertinent information. At that meeting, student responses are recorded and an improvement plan is developed. All members present at the meeting sign and date the Improvement Plan Form. This form lists deficiencies
and remediation strategies, student responses, other pertinent information and appropriate time frame(s) by which the student is expected to comply. At the initial meeting the student is advised that failure to improve within the stated time frame(s) could result in academic suspension or dismissal. A copy of the form is given to every participant at the meeting; a copy of the form is forwarded to the Dean.

C. The faculty advisor monitors the student’s progress in improving deficiencies.

1. Removal from probation status:

When the student corrects deficiencies in the predetermined knowledge, competencies, dispositions or ethics as outlined in the Educator Accomplished Practices within the stated time frame(s), the faculty advisor notes that all deficiencies have been satisfactorily resolved on the Improvement Plan Form. A copy of the form is given to the student; a copy of the form is kept by the faculty advisor; a copy of the form is forwarded to the Dean and a copy is maintained in the student’s file. The faculty advisor informs all other parties of the satisfactory resolution.

2. Recommendation for suspension or dismissal:

When the student fails to correct deficiencies in the predetermined knowledge, competencies, dispositions or ethics as outlined in the Educator Accomplished Practices within the stated time frame(s), the faculty advisor, in conjunction with the Dean, recommends suspension or dismissal from the program.

III. Suspension/Dismissal

A. When a student is recommended for suspension or dismissal, written notification is sent by U.S. mail or personal delivery to the student’s last known address setting forth the reasons or grounds for such action. The student shall be notified that he/she has ten (10) business days, from the date of the written notification (not the date it is received), in which to appeal the suspension or dismissal. The student must submit a request for appeal, in writing, to the faculty advisor and to the campus Provost. The student shall follow the procedures for an appeal set forth in Board Rule 6Hx23-4.36, Section, I.F. Formal Resolution of Appeals. The student’s failure to appeal pursuant to said procedure within the stated time frame shall result in an automatic suspension or dismissal and shall constitute a waiver and bar of the student’s rights.
B. Suspension or dismissal results in an immediate withdrawal from the program.

C. During suspension or dismissal, the student is ineligible to enroll in any additional courses within the College of Education. The student may continue in any courses outside the College of Education, if otherwise qualified.

D. Any student who is suspended shall be informed of the deficiencies, which must be corrected, and may apply for and be considered for re-admission to the program after a suspension for one full session. Any student who is dismissed shall be informed of the deficiencies, which must be corrected, and may apply for and be considered for re-admission to the program after one year (12 months) if dismissed.

IV. Immediate Suspension

If a student is charged by a faculty member, the Director of School Partnerships, the faculty advisor, or the Dean of the College of Education, with a gross infringement of professional standards and poses an immediate threat to the health, safety or welfare of students or others, the College of Education reserves the right to suspend the student immediately, subject to an expedited meeting of the person bringing the charge(s), the Dean and the Senior Vice President of Baccalaureate Programs to consider the extending of such action or taking other action. The student shall have the formal appeal rights set forth in Board Rule 6Hx23-4.36, Section I.F. and may in the case where a suspension is extended, request an expedited hearing.

Specific Authority: 1001.64(2) & (4), F.S.
Law Implemented: 1001.64(7), (8) & (8)(b); 1004.04; 1012.56, F.S.; Rules 6A-5.065 & 6A-5.066, F.A.C.

History: Adopted – 8/26/03. Effective – Session I, 2003-04; 8/21/12. To Be Filed – 8/21/12. Proposed Date To Become Effective – 8/21/12.
