Access and excellence are the hallmarks of St. Petersburg College (SPC), which was founded as St. Petersburg Junior College (SPJC) in 1927, as Florida’s first two-year institution of higher education. Initially a private facility, its first classes met in a borrowed unused section of the new St. Petersburg High School, with 102 enrolled students who were taught by 14 faculty members - the first class of 48 graduated in 1929.
In 2001, SPJC became the first two-year Florida community college to make the transition into a four-year institution – and became SPC.
Today St. Petersburg College stands as a multi-campus, two-year/four-year public institution with 10 learning sites in St. Petersburg, Clearwater, Tarpon Springs, Pinellas Park, Largo and Seminole, and services that are administered throughout Florida, the nation and beyond.
The University Partnership Center (UPC), located at the SPC Seminole Campus, opened in 1999, with six Florida institutions as partners. Though today, students can choose from over 100 bachelor and graduate degree programs offered by a variety of well-respected and accredited colleges and universities that are located both in and outside the state of Florida - without leaving Pinellas County!
Over the years, SPC has invested its resources to meet, and in many ways surpass the needs of students admitted each year, and is always planning for the ever-growing expectations of students who will be entering its doors in the future.
The information contained herein is intended for the use of students who are attending classes on any campus of St. Petersburg College (SPC) through the University Partnership Center (UPC). It is requested that students adhere to the policies and procedures prescribed within this handbook, and follow outlined protocols for emergencies, technical support and the conduct of classes while utilizing SPC-UPC facilities.

RESOURCES & FACILITIES

UPC Photo ID Badge
In order to use SPC campus facilities and amenities, and to help ensure campus safety, all UPC students are required to wear a valid UPC photo ID badge at all times when on an SPC campus.
After completing the UPC Photo ID Application form, which is provided here, it must be submitted to the UPC staff and they will issue an ID# and password to activate your Wi-Fi account.
There are many benefits associated with having the UPC ID badge, such as the use of facilities such as computer labs, study areas, proctoring services, and libraries at all SPC Campuses, free PSTA bus rides, and discounts. For a complete list of benefits contact the UPC staff.
If a UPC ID badge is lost/stolen, it must be reported to UPC staff immediately.

Wi-Fi Access
When the UPC Student Access Request Form is submitted to the UPC staff, an account is created and a log-in/ID# and password is issued, which can be used to log on SPC computers and the SPC Wi-Fi.

After careful evaluation they will choose the best combination of treatment options for your unique health care needs.

Emergency Actions

Acts of Violence
An act of violence can include a hostile confrontation, person with a weapon, shooter or a similar type of threat on a college site. The first response should be to call SPC Security Dispatch at (727) 791-2560.

See below for other information:
- Do not try to engage or separate combatants.
- Warn others about the emergency.
- Evacuate to a safe area away from the danger and take protective cover.
- Stay away from windows and doors until otherwise notified.
- Wait for local police or security to assist you out of the building or area.

If it will not endanger you or others near you, call 911 and give the operator the following information:
- Type of emergency.
- Your location – campus, building, room number.
- Location of emergency.
- Your name and title.
- Telephone number you are calling from.

Do not hang up until the 911 operator obtains all the necessary information.

After calling 911, call SPC Security Dispatch at (727) 791-2560.

Hurricane
Hurricane season begins June 1st and continues through November 30th. During this time, SPC officials monitor the Pinellas County Emergency Management bulletins and official weather forecasts when SPC falls within the National Hurricane Center’s zone of landfall probability. By doing so, SPC will have time to activate the college’s Emergency Management Plan, alert campus personnel and send emergency notifications.

Information related to the college closing will be sent through the SPC Emergency Notification System, posted on the SPC web-site: www.spcollege.edu, announced on SPC TV and local TV and radio stations, as well as on social media outlets, as soon as possible once the decision has been made to close the college.

Once the storm, or threat of a storm, has passed, information as to re-opening SPC campuses and programs will be conveyed in the same manner as the college closings were reported prior to the storm.

By visiting the SPC Emergency Preparedness website; https://spcemergency.wordpress.com/, you will find information that can help you and your family be prepared for a weather emergency. These are a few items found there:
- Links to the emergency preparedness & management procedures for SPC and local, state and federal government,
- Instructions for installing the “Hurricane Web Application” on your mobile phone,
- Information about preparing a personal hurricane plan,
- Links to various Hurricane guides
SPC Emergency Notification System – “SPC Alert”

The SPC Emergency Notification System will send messages to SPC desktop computers, audio speakers, emails, and phones. SMS text messages are sent to cell phone numbers of UPC partners’ faculty, students and staff that are in the UPC database if there is an emergency.

When an UPC account is activated (please see UPC ID Badges), the cell phone number provided for emergency notifications can be registered (opt-in) to receive emergency notifications by texting 'yes' to 68453.

A TEST message for the Emergency Notification System is sent periodically. The UPC is notified of the date and time the TEST message will be sent and we send an email to our partners’ representatives letting them know. If you have registered your cell phone number but do not receive a TEST message when it’s gone out, please verify with the UPC staff that we have your correct cell phone number in the database and that it has been registered to receive messages sent by the Emergency Notification System.
