

Important Course Information for SPC Veteran Students

On March 21, 2020, federal emergency legislation was enacted to allow student veterans to continue receiving the same amount of GI Bill benefits despite courses going online.

The law ensures GI Bill educational assistance benefits through Dec. 21, 2020 to student veterans who have had to transition to online learning due to emergencies and health-related situations such as COVID-19.

For Chapter 33 and Chapter 31 Veteran students at SPC, the requirement to take at least one face-to-face (F2F) class for the duration of the semester in order to generate the full GI Bill payment for which you are eligible can now be met with the classes listed below.

SPC has moved most F2F/Blended courses into the LIVE Online format for the Fall 2020 (580) semester. LIVE Online classes will meet the VA criteria for face-to-face class time during the Fall semester.

Additionally, below is a list of all classes that would have been offered in either a face-to-face format or a blended format (meeting VA standards for F2F time), if not for the COVID-19 pandemic. Please sign up for at least one of these courses, or a course coded as "LIVE Online" over the Fall semester if you wish to be counted as an in-resident learner. Courses are grouped by academic discipline.

For more information or assistance please contact us at 727-341-7990.

NOTES

1. Programs that were originally offered in an online format will not have courses listed here, as the programs did not change modality because of COVID-19.
2. If you are in a health program you may need to check directly with your program's Academic Chair. Health programs are subject to the authority of their accrediting bodies and at this time their clinical hours cannot be determined. Health program directors will work closely with their students to register as necessary. Veterans Services will continue to work with these programs as COVID-19 developments occur.
