

St. Petersburg College
Student Internship Checklist
Associate in Science: Cybersecurity
DATSCI-AS
CAP 2940- 3 Credits

This course gives you a “real world” experience with major-related, supervised and evaluated practical work experience which can be paid or voluntary. You are graded on documented learning you gain through hands-on experience in a work setting. You must work at least 180 on-the-job hours for the 3-credit internship course.

Before you are enrolled in the internship course, you must meet the following internship requirements:

- Complete 80% of the General Education courses for the program
- Complete the program courses below and their prerequisites.
- Be in the fourth quartile of program completion during the semester in which the internship course is taken.
- Complete the [Internship Application](#) before the [application deadline](#).
- Secure an internship related to your major
- Submit internship placement details using [this form](#).

Once your placement is approved, the College of Computer and Information Technology will register you for the internship course.

The following courses must be completed with a “C” or better prior to applying for an internship:

Major Core Courses

Course Prefix, Number, and Title	Credit Hours
CGS1100 Computer Applications	3
MAC1140 Pre-Calculus Algebra	3
COP1044 Introduction to Data Science using Python	3
CTS2417 Data Visualization Techniques	3
CTS2450 Introduction to Business Intelligence	3
CTS2455 Data Modeling and Logical Design	3
CAP2762 Introduction to Data Mining	3
STA2041 Data Analysis & Statistical Modeling	3

For support locating an internship:

- Send your resume to your campus [Career Readiness Navigator](#) for review
- Complete your profile in [HireSPC Titans](#) (See [tutorial](#) on How To)
- Complete the following [Career-Readiness](#) workshops: [Resume Development](#), [Interview Preparation](#), [LinkedIn](#), and [How to get hired](#).
- [Contact Career Services](#) on your home campus
