

Tentative Class Schedule:

The Radiography Programs begins each January and consists of six continuous semesters. The schedule below is only for RTE courses and does not include any general education courses that may be required for graduation.

First Year:

1. Spring Semester

Monday:	RTE 1503C Radiographic Procedures I	8:00 a.m. to 12 p.m.
	RTE 1503L Radiographic Procedures I Lab	1:00 p.m. to 4:00 p.m.
Tuesday:	Off	
Wednesday:	RTE 1418 Principles of Imaging I	10:00 a.m. to 12:00 p.m.
	RTE 1418L Principles of Imaging I Lab	1:00 p.m. to 3:00 p.m.
Thursday:	RTE 1000 Orientation to Radiography	9:00 a.m. to 12:00 p.m.
Friday:	Off	

2. Summer Semester

Monday:	Off	
Tuesday:	RTE 1513C Radiographic Procedures II	8:00 a.m. to 12:00 p.m.
	RTE 1513L Radiographic Procedures II Lab	1:00 p.m. to 4:00 p.m.
Wednesday:	RTE 1804L Radiographic Clinical Education I*	8:00 a.m. to 4:30 p.m.
Thursday:	RTE 1804L Radiographic Clinical Education I*	8:00 a.m. to 4:30 p.m.
Friday:	RTE 1804L Radiographic Clinical Education I*	8:00 a.m. to 4:30 p.m.

3. Fall Semester

Monday:	Off	
Tuesday:	RTE 1458 Principles of Imaging II	9:00 a.m. to 12:00 p.m.
	RTE 1473L Radiographic Quality Assurance Lab	1:00 p.m. to 3:00 p.m.
Wednesday:	RTE 1814L Radiographic Clinical Education II*	8:00 a.m. to 4:30 p.m.
Thursday:	RTE 1814L Radiographic Clinical Education II*	8:00 a.m. to 4:30 p.m.
Friday:	RTE 1814L Radiographic Clinical Education II*	8:00 a.m. to 4:30 p.m.

Second Year:

1. Spring Semester

Monday:	RTE 2824L Radiographic Clinical Education III*	8:00 a.m. to 4:30 p.m.
Tuesday:	RTE 2824L Radiographic Clinical Education III*	8:00 a.m. to 4:30 p.m.
Wednesday:	RTE 2824L Radiographic Clinical Education III*	8:00 a.m. to 4:30 p.m.
Thursday:	RTE 2385 Radiation Biology	10:00 a.m. to 12:00 p.m.
Friday:	Off	

2. Summer Semester

Monday:	RTE 2834L Radiographic Clinical Education IV*	8:00 a.m. to 4:30 p.m.
Tuesday:	RTE 2834L Radiographic Clinical Education IV*	8:00 a.m. to 4:30 p.m.
Wednesday:	RTE 2834L Radiographic Clinical Education IV*	8:00 a.m. to 4:30 p.m.
Thursday:	RTE 2782 Radiographic Pathology	10:00 a.m. to 12:00 p.m.
Friday:	Off	

3. Fall Semester

Monday:	RTE 2844L Radiographic Clinical Education V*	8:00 a.m. to 4:30 p.m.
Tuesday:	RTE 2844L Radiographic Clinical Education V*	8:00 a.m. to 4:30 p.m.
Wednesday:	RTE 2844L Radiographic Clinical Education V*	8:00 a.m. to 4:30 p.m.
Thursday:	RTE 2563 Advanced Medical Imaging	9:00 a.m. to 12:00 p.m.
Friday:	Off	

*All sections of Clinic include a mid-shift rotation from noon to 8:30 p.m. These are two week rotations that each student will be required to complete periodically during each of these courses. In a sixteen week semester, all students will be required to complete at least four weeks of mid-shift rotations.

The program staff works diligently to assign students to a clinical setting that is in close proximity to their residence. However, it is conceivable that a student may be required to travel to a clinical setting that is geographically dispersed. Student placement within a clinical setting is solely determined by the program staff.
